VICTORIA, B.C., WEDNESDAY, NOVEMBER 28, 1928—24 PAGES

PRICE FIVE CENTS

## SEVENTY-FOUR CARLOADS OF GRAIN ON WAY

First Large Shipment for Victoria Elevator Now West of Edmonton on Canadian National Lines; Private Grain Companies Ship Over 100,000 Bushels for Panama Pacific Storage Here; More Grain Permits Issued.

A real movement of grain to the Victoria elevator of the Panama Pacific Grain Terminals Limited, is now under way with over 100,000 bushels from the prairie shippers rolling west of Edmonton.

In addition to the seven carloads which completed the grain for the first trial runs of the machinery, seventy-four carloads have now been loaded for here, and have passed Edmonton on their way to the coast. It was stated by James Burden, operating superintendent of the Victoria elevator to-day.

### PART OF BIG MOVEMENT

The seventy-four cars are made up of shipments by private owners and grain companies at many prairie points, and contain somewhere between 100,000 and 111,000 bushels of grain, which are being routed by the Canadian National Railways via Port Mann to Victoria.

The shipments are part of the 300,000-bushel movement for which permits have been taken out with the C.N.R. and comprise the first consignment of any size to be headed this way since the opening of Victoria as a licensed grain port. The cars now routed to Victoria bring the total number of grain cars up to eighty-one.

### FULLY READY

The Victoria elevator was licensed and fully ready for business, Mr. Burden stated to-day, and could handle all grain that offered in the next few months. The freeing of lake ports is expected to turn an increased volume of grain to the western ports, in which it is pointed out, Victoria will share.

### GRAIN HANDLED AT VANCOUVER

Grain handled at Vancouver this year is coming up over all former totals in the history of that city as a grain port, while at Prince Rupert elevator facilities are being used as a transfer point before being shipped, with a good volume of grain already in prospect for the winter months.

### WITH THREE OUTLETS FOR GRAIN

With three outlets for grain Canadian mills are developing a new era of more attention. Pacific mills last year did a 70,000,000-bushel grain business, with prospects of a material increase in volume this year.

### YOUTH TOOK OWN LIFE IS JURY VERDICT

Inquest Held This Morning Into Death of Douglas Yukon Stoddart

Douglas Yukon Stoddart, eighteen-year-old boy who was found dead Monday afternoon in the Hudson's Bay woods, near Mount Tomin, came to his death by his own hand while temporarily insane, according to the verdict of a coroner's jury this morning. Evidence was produced to show that the youth had been in a morbid state of mind. He had used a rifle which he had taken from the High School to inflict the wound which caused his death. It was also shown.

### WENT AWAY ON SUNDAY

Searchers who found the body, following the failure of the boy to appear after leaving his residence on Sunday, told of looking in the vicinity of a campsite which Stoddart had frequented during the summer. The manner in which the body was found indicated how death had been effected.

### FUNERAL SERVICES FOR THE BOY WILL BE HELD AT 1:30 O'CLOCK TO-MORROW AFTERNOON FROM HAYWARD'S B.C. FUNERAL CHAPEL, DEAN QUANTON OFFICIATING. INQUEST WILL TAKE PLACE IN ROYAL OAK BURIAL PARK.

### THE BOY WAS BORN IN WHITE HORSE, YUKON, AND HAD LIVED IN THIS CITY FOR A NUMBER OF YEARS.

### OLD COUNTRY FOOTBALL

London, Nov. 28 (Canadian Press Cable)—Football matches played in England to-day resulted as follows:

### FRIENDLY SOCCER

Oxford University 2, Arsenal 1.

### RUGBY

County Championship Middlesex 10, Kent 8.

Nottingham 14, Derby-North Midlands-Lincoln 12.

### ANNUAL CADET MATCH

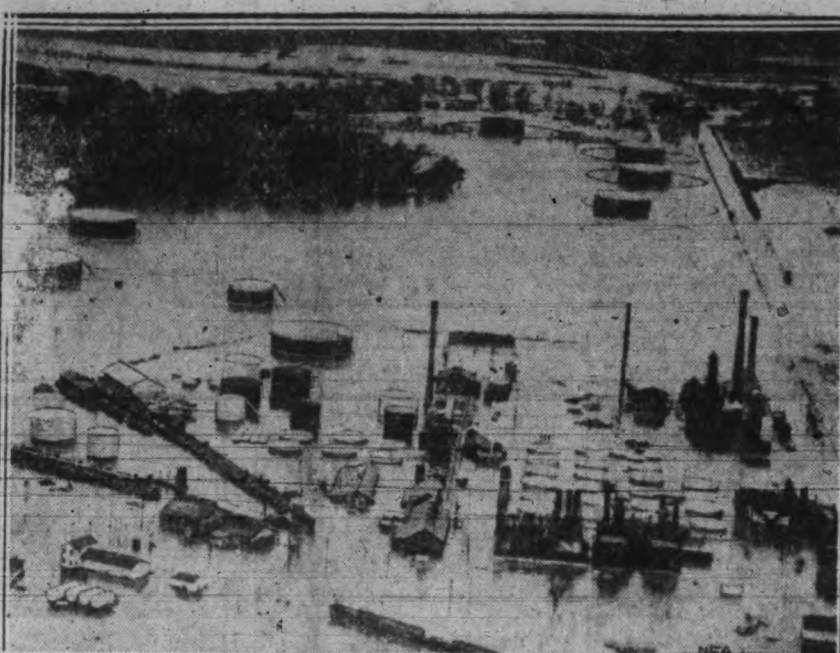

Woolwich 18, Sandhurst 16.

### POULTRY ARE PLENTIFUL FOR CANADA'S CHRISTMAS DINNERS

Ottawa, Nov. 28.—Poultry will be plentiful for Christmas. The Dominion Bureau of Statistics estimates there are 2,065,797 turkeys in Canada, as compared with 1,850,263 last year. Hens and chickens total 49,522,855, as against 46,172,095 in 1927. Geese are not so plentiful, but there is an increase in ducks.

The total estimate of poultry is 53,799,530, or more than 5,000,000 over the total of 50,178,485 in 1927.

## Rains and River Floods Cause \$2,000,000 Property Damage In Kansas

The picture above, received in Victoria to-day, shows an oil refinery at Augusta, Kansas, as it appeared during the big floods of last week. The tops of the tanks and buildings can be seen. The heavy rainfall sent numerous rivers out of their banks, the property losses throughout the state being estimated at more than \$2,000,000.

## Three Company Men Lose Lives in Mine

Williamson, W.V., Nov. 28.—The president, general manager and mine superintendent of the Glengora Coal Company of Huntington, W.Va., were found dead to-day in the Himer Mine at Himerville, Ky., twenty miles west of Williamson. They apparently were victims of a gas explosion.

The officials were Richard Williams, Huntington, president; C. H. Seidenberger, Huntington, general manager, and C. D. Schlegel of Glo, Ky., superintendent of the concern's Kentucky mines.

## Party Politics Is Dropped As Victoria Gets Behind MacLean

## TAX BY-LAW IS UPHELD IN POLICE COURT

Fine Imposed on Drivers Who Had Car Standing in Prohibited Area

An attempt to upset the section of the streets and traffic by-law of Victoria, which provides that vehicles soliciting for hire must not stand in certain sections of the city streets, was quashed by Magistrate George Jay in City Police Court this morning, when Henry S. Davis and Roland Hubbard were fined \$5 for an offence under this section of the by-law.

For the defence C. H. O'Halloran disputed the power of the municipal council to pass a by-law with such prohibitory powers. He held that the by-law was ultra vires.

The Magistrate replied that it would hardly be possible to regulate without certain prohibitions, as in the case of the parking by-laws.

That could be easily done, thought Mr. O'Halloran. "And I'm not so sure they have the power to enforce the parking by-laws," he said.

### QUOTES STATUTES

City Prosecutor C. L. Harrison quoted sections of the British Columbia statutes to show the council was within its power in enforcing the by-law, mentioning the Victoria Special Act for control of motor traffic.

According to the evidence of Sergeant Thomas Heatley, Hibberd was

### CONCLUDED ON PAGE 2

### TWO CHILDREN ARE BURNED TO DEATH

Man in Edmonton Vainly Tries to Rescue His Boy and Girl

Edmonton, Nov. 28.—Two children, Margaret Keogh, thirteen, and Martin Keogh, six, trapped in an upstairs room of their home here, were burned to death at 9 o'clock this morning and the father, Martin Keogh, was severely burned in a vain attempt to rescue them.

The father is in a hospital and is expected to recover.

Keogh, an unemployed mechanic, had taken his wife to her work at the Royal George Hotel and returned to find his home in flames. He dashed upstairs in an effort to save the children.

The fire started in the kitchen range, burning upstairs in the wall and ceiling.

Three younger children, who were in the kitchen, were rescued by Paul Frankovich, a neighbor. Two older children had left the house before the fire broke out, going to work.

### Nomination papers which will be made public to-morrow with the filing of nominations for the Victoria Federal by-election of December 6 will provide a striking demonstration of public feeling in favor of the return of Dr. J. D. MacLean to represent Victoria in the House of Commons.

### REPRESENTATIVE LIST

Probably no candidate who has sought election in Victoria has been proposed, seconded and endorsed by such a representative number of citizens as those whose names are on Dr. MacLean's papers. They represent men interested in industry in many ways, merchants, professional men and working men of the city. Included in the list are men who have taken a prominent part in Victoria's development but have taken no active interest in political campaigns. The list is conclusive evidence of the general feeling that Dr. MacLean should be elected regardless of politics, to bring his years of experience to bear at Ottawa for the benefit of Victoria.

### MINISTERS STRENGTHEN APPEAL

The visit of the Federal Cabinet Ministers to this city has had a marked effect, campaign workers reported to-day. Their appeal that this is a time when Conservatives, in the interests of the city, should get behind a man of Dr. MacLean's ability and knowledge of British Columbia affairs, to help Canadian legislators in shaping their programs for the development of Canada's world trade has been well taken. Their interest in British Columbia and announcement that Canada looked to the Pacific ports to play an important part in trade expansion have added considerable

weight to their appeal.

### BRITAIN REDUCES Navy Personnel While U.S. Adds

London, Nov. 28 (New York Times Special Cable)—Hon. W. C. Bridgman, First Lord of the Admiralty, read a list of figures last night in the Commons to show the personnel of the British navy has been decreasing since the Great War, while the personnel of the United States navy has been rising. His figures indicated the United States navy is now larger in manpower than the British navy.

### YOUNG MAN ACCUSED OF MURDER TAKEN BY TRAIN FROM SEATTLE

Seattle, Nov. 28.—Manacled to an officer, Gordon Stewart Northcott, accused of having murdered four boys on his ranch in California, was taken on board a train here to-day for Los Angeles.

Northcott, who was brought here by automobile from Vancouver, British Columbia, during the night, was smiling but self-conscious when he was led to the train which will bear him toward a trial in California. A special car had been obtained for the journey, which came after a vigorous fight by Northcott against extradition from Canada.

### SAYS HE IS INNOCENT

The youth has maintained a firm front, consistently protesting his innocence and expressing his opinion freely about officers and newspapers. Albert L. Kelley, chief investigator for the Riverside County district attorney, J. B. Quinn, special investigator for the Riverside sheriff's office, Earl Redwine, deputy district attorney of Riverside County, and Captain Will

### 27 SHOPPING DAYS TILL CHRISTMAS

Consider Mister Mallman, who Totes presents on his back. Let's shop, and mail things early So's to lighten up his pack.

### Story of Murders Is Proved Untrue

Spokane, Nov. 28.—The "confession" of Elmer Williams, negro, who claimed to be the "Omaha hatchet slayer," was riddled full of holes here to-day by detectives and newspapermen and generally discredited.

When he first told his story yesterday it was stated he probably was a victim of religious hallucinations.

## B.C.'S GROWTH SEEN BY ROBB

Federal Minister Tells Vancouver Audience He Has New Understanding of Aims

Vancouver, Nov. 28.—Hon. J. A. Robb, Federal Minister of Finance, addressing the Vancouver Canadian Club, at noon to-day, expressed surprise at the growth and prosperity he had seen in British Columbia. He said he would return to his work in Ottawa with a better knowledge of the aims and ambitions of this Province.

### GOOD REPORTS NEEDED

Speaking of the division of Canada on questions, Mr. Robb drew a parallel with United States parties seemed to be unanimous on one subject during the recent election, the deplorable condition of agriculture.

"Now the election is over I doubt if you will find them singing the same song," he said.

"We in Canada might well unite on a policy of saying all the good things we can about Canada. The days of sailing ship communication are gone and we must remember what we say to-day will be read by the world to-morrow."

Concluded on page 2

### NORTHCOTT GOES TO CALIFORNIA

One difficulty that might be encountered would be the finding of members of Parliament who could make the long journey across the Atlantic in March. This would probably be shortly before the forthcoming general election in Great Britain in which all members of the House of Commons must defend their seats.

### OUT OF THE ORDINARY

Washington, Nov. 28.—There was little reaction in official circles here to-day to the news that a British plan for a British-United States parliamentary conference on naval affairs. At the State Department it was said Secretary of State Hughes would be glad to come from Abbe Casgrain.

### ANOTHER STORM OVER EUROPE

Paris, Nov. 28.—With the lowlands of Belgium and Holland flooded, another storm appeared to be brewing over western Europe to-day.

Mountainous seas were running off the French coast and prevented pilots from reaching ships with the result that many vessels were forced to remain in the harbor.

At Havre, Bordeaux and other ports.

### THREE DROWNED

Deceived by a temporary lull in the storm, fishing boats put out from Graduro, a little Mediterranean port. They were caught in a squall. Eight men aged to get back to port, but two sank and three men were drowned.

In the low countries of Belgium and Holland, where dikes were down, the waters of the sea swept over wide stretches, demolishing homes, flooding fields and drowning livestock.

The death toll in Holland was estimated at fifty-eight, including twenty-seven members of the crew of the Italian steamship Salerno, which went to pieces off Zaandvoort almost in sight of would-be rescuers.

## OTTAWA WOULD WELCOME NAVY CONFERENCE

Suggestion British-U.S. Sessions Be Held There Is Well Received

Ottawa, Nov. 28.—An agreement should be made between Great Britain and the United States to hold a conference in Canada for discussion of naval reductions, it is held in official circles here that Ottawa would be the logical place for the meeting.

The British proposal, reported in Washington dispatches, is viewed in official circles here as a "very interesting one."

### CAREFULLY CONSIDERED

London, Nov. 28.—The proposal by Fred A. Britten, chairman of the Naval Committee of the United States House of Representatives, for a British-United States parley in Canada on the cruiser problem was received with interest in British official quarters to-day. It was pointed out the suggestion was not addressed to the Government, since it had been cabled to Premier Baldwin personally, but nevertheless it was said it would be given friendly and careful consideration.

The proposal was received in the spirit that it was a sincere effort to solve the naval problems confronting the two countries. It was assumed this was the spirit in which the message had been sent.

One difficulty that might be encountered would be the finding of members of Parliament who could make the long journey across the Atlantic in March. This would probably be shortly before the forthcoming general election in Great Britain in which all members of the House of Commons must defend their seats.

### OUT OF THE ORDINARY

Washington, Nov. 28.—There was little reaction in official circles here to-day to the news that a British plan for a British-United States parliamentary conference on naval affairs. At the State Department it was said Secretary of State Hughes would be glad to come from Abbe Casgrain.

### ANOTHER STORM OVER EUROPE

Paris, Nov. 28.—With the lowlands of Belgium and Holland flooded, another storm appeared to be brewing over western Europe to-day.

Mountainous seas were running off the French coast and prevented pilots from reaching ships with the result that many vessels were forced to remain in the harbor.

At Havre, Bordeaux and other ports.

### THREE DROWNED

Deceived by a temporary lull in the storm, fishing boats put out from Graduro, a little Mediterranean port. They were caught in a squall. Eight men aged to get back to port, but two sank and three men were drowned.

In the low countries of Belgium and Holland, where dikes were down, the waters of the sea swept over wide stretches, demolishing homes, flooding fields and drowning livestock.

The death toll in Holland was estimated at fifty-eight, including twenty-seven members of the crew of the Italian steamship Salerno, which went to pieces off Zaandvoort almost in sight of would-be rescuers.

## King Has Rest Periods But Physicians Unable To Report Much Gained

## JUDGE'S ADVICE IGNORED

Murder Trial Defence Based on Alibi For Chinese Witness

Stuart Henderson Presents Evidence Despite Judge's Threat to Warn Jury

Ignoring the protests of Mr. Justice W. A. Macdonald, Stuart Henderson this morning insisted upon presenting to the Assize Court evidence tending to set up an alibi for Lee Lim, gambler operative, a witness for the defence in the case of Cheong Leong Sing, charged with attempted murder of Wong Lim, and with taking part in an affray on Douglas Street last February.

Mr. Henderson intimated that new evidence was now available to prove that Lee Lim was not a participant in the long battle, despite his conviction at the assizes of last March, and reaffirmed by a verdict by the Court of Appeal. Application to the Crown for a new trial of Lee Lim is expected to be the next step in the progress of the famous long battle through the courts.

### PLANS ALIBI

The defence of Cheong Leong Sing was opened by Mr. Henderson with an explanation to the jury that reliance would be placed upon an alibi. "We will show that we were not there," he said, and from that time until the court rose no further reference to the accused appeared in the case for the defence.

Lee Lim, serving sentence as a participant in the shooting, swore that he had no part in the affray, being near the Masonic Temple when the firing broke out. His Lordship objected to Lee Lim's personal alibi evidence, pointing out that the witness had been tried and convicted, and the minds of the jurors should not be confused.

"I shall tell the jury, when the time comes, that the man on trial is Leong Sing," he warned Mr. Henderson.

### SPITE ALLEGED

While a member of Cheong Kong Tong, spite was felt against him by that body because of a police raid on (Concluded on page 2)

### Chaplain Asked By Ottawa For Report On Girl Immigrants

Ottawa, Nov. 28.—Rev. Abbe Casgrain, Roman Catholic chaplain attached to the immigration service at Quebec City, has been requested by the Immigration Department to present evidence in connection with his charge that young girl immigrants entering Canada sometimes fall into the hands of persons of ill repute and never reach their proper destinations.

There was no evidence of such a condition in the hands of the department, officials said, but further comment was declined until a reply should come from Abbe Casgrain.

### Revelstoke Scene Of Fire To-day

Revelstoke, B.C., Nov. 28.—Fire this morning destroyed the warehouse of C. B. Hume & Company Limited here. The building and contents are a total loss. Insurance was carried.

### Liberal Meetings For Next Two Days

To-night Dr. J. D. MacLean, Liberal candidate in the Victoria Federal by-election on December 6, will speak at the Victoria West School at 8 o'clock. C. H. O'Halloran will also speak.

To-morrow the candidate will speak at the Foresters' Hall at the annual meeting of Ward Five Liberals.

R. W. Mayhew will speak over the radio to-morrow night at 10 o'clock, in support of Dr. MacLean's candidature.

### LITTLE JOE

Bulletin Issued In London In Evening Says Sovereign Had Fair Day, But General Condition Unchanged; Physicians Send Letter to Cabinet Describing Illness.

London, Nov. 28.—King George's physicians issued the following bulletin at 8:30 to-night: "The King passed a fair day, with some sleep. Otherwise conditions are unchanged."

## TO-DAY RE-ELECTED LABOR PRESIDENT

WILLIAM GREEN

New Orleans, La., Nov. 28.—William Green, at to-day's session of the annual convention of the American Federation of Labor here, was unanimously re-elected president of the organization.

Toronto, Ont., was chosen for the next annual conference of the American Federation of Labor.

### TWO PRINCES NOW RETURNING TO BRITAIN

The letter served to allay the public nervousness stimulated by the fact that the King's physicians had returned to the palace earlier in the afternoon than had been their custom. It was around 3 p.m. when the doctors left the palace after their second visit. A few minutes later a motor car took the Queen, Princess Mary and the Duchess of York for their usual afternoon drive. The Queen smilingly acknowledged the greetings of a large crowd which, despite the chill of a late afternoon, had assembled about the palace.

### PRAYERS ASKED

Cardinal Bourne, Archbishop of Westminster, issued a request that prayers be offered in all Roman Catholic churches in the country, especially on Sunday, for the speedy recovery of the King and his complete restoration to health.

### LITTLE CHANGE

London, Nov. 28.—With the Prince of Wales about to undertake the long journey home from East Africa to be at the bedside of his father, little, if any change was indicated in King George's condition by to-day's medical bulletins.

(Concluded on page 2)

### PHILION DENIES HE KILLED MAN

Canadian War Veteran Defends Himself at Trial in Utah

Price, Utah, Nov. 28.—Hayter O. Phillion, Canadian war veteran, took the witness stand in his own defence to-day and testified he was in Victoria, B.C., in 1925, when James Papacostas, with whose murder he is charged, was shot and killed in Helper, Utah.

The defendant testified he was born in Canada and spent his entire life there with the exception of four years when he served with the Canadian army in France and two brief periods in the United States in 1923 and 1927.

Phillion was arrested in Los Angeles last May after William Phelps of Price, Utah, an eyewitness of the killing, had identified him as Jack "Blackie" Gibson, alleged slayer of Papacostas.

Phelps took the stand yesterday and again identified the defendant as Papacostas's slayer.

Frank Whimby, Price restaurant owner, and Martin Jacobsen, helper in the cafe, both testified to-day that Phillion was not the Gibson whom they had known.

### CANADA'S IMMIGRATION SHOWS GAIN OF ELEVEN PER CENT.

Ottawa, Nov. 28.—Canada's immigration during the seven months of the present fiscal year ended October 31 totalled 131,754, as compared with 118,458 during the corresponding period last year. The increase was eleven per cent.

Many Canadians during the same period returned from the United States to take up permanent residence in the Dominion.

## BENNETT COMING TO THIS CITY

Ottawa, Nov. 28.—Hon. R. B. Bennett, Federal Conservative leader, today is on his way to Victoria, where he is to speak in the by-election campaign to fill the seat left vacant when Hon. S. F. Tolmie who resigned from the Commons.

Mr. Bennett, who left here last night, is scheduled to speak December 4 and 5.

Major R. F. Leale, the well-known Victoria artist and Mrs. Leale have returned to the city after an absence of five months in England.

## CHILDREN IN BOX

(Continued from page 1)

To support Lee Lim's alibi, an array of Wong's children proceeded to the witness box. His Lordship commented upon the omission of the Crown prosecutor to protest the course of the defence, and W. H. Bullock-Webster, prosecutor, confined cross-examination to ascertaining that the children knew nothing disproving participation of Sing in the shooting.

Some of the children stated they had been instructed by Mr. Henderson, and one girl said her identification of Lee Lim was possible because he had been pointed out to her, outside the courtroom by Frank Yee, who was stated by Mr. Henderson to be a member of the defence organization.

## TONG CHIEF CALLED

(Continued from page 1)

So Lim Bing, high chiefman of the Duncan clan of the Chee Kong Tong, was one of the last witnesses called by the prosecution. The exalted rank of the unassuming contractor for Oriental laborers for lumber mills, was revealed when Stuart Henderson ruthlessly tore aside a veil of reticence which the witness sought to maintain as to his affiliation with Chinese Masonic organizations.

## TAXI BY-LAW IS UPHELD IN POLICE COURT

(Continued from page 1)

sitting with another taxidriver in the front of a car parked on Broughton Street, near Broad, Davis was standing on the sidewalk, by the car, when he approached, said witness.

## TAXI SIGN OUT

(Continued from page 1)

There was a "taxi" sign on another car parked immediately in front of the one in which they were sitting, said witness. Hubbard admitted he was the driver of this vehicle and Davis admitted he was the owner and had charge of it.

Davis, on the stand for the defence, testified that he had that day moved his taxistand from Yates Street to the Broughton Street stage depot. He admitted that the sign "taxi" on the front car was for the purpose of attracting passengers.

## "ADVERTISING"

(Continued from page 1)

Summing up the case for the defence, Mr. O'Halloran, in addition to holding the by-law was ultra vires, submitted that the taxi sign was advertising, not soliciting. He maintained that some definite act was necessary before it could be stated the men were soliciting for hire.

## ROAD DEMANDS

(Continued from page 1)

The demand for money for roads and other expenditures, continued the Minister, had led to some duplication in taxation between provinces and the Dominion. This was particularly true in British Columbia, where an income tax was in force.

## ROAD DEMANDS

(Continued from page 1)

During his address Mr. Robb dealt with the subject of trade in the Pacific. Mr. Robb indicated it was not planned to abolish the Federal income tax.

## ROAD DEMANDS

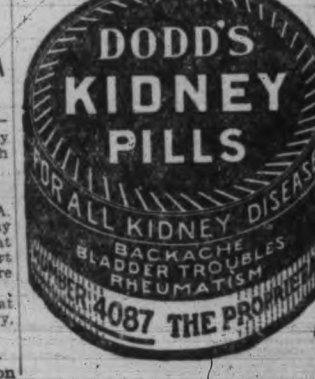

(Continued from page 1)

The income tax will be lighter as conditions permit, but the income tax necessarily will have to remain in Canada," he said.

## ROAD DEMANDS

(Continued from page 1)

During his address Mr. Robb dealt with the subject of trade in the Pacific. Mr. Robb indicated it was not planned to abolish the Federal income tax.

## VANCOUVER ISLAND NEWS

### TO BEAUTIFY ISLAND CITY

Nanaimo Endorses Programme of Improvements; Council Term Discussed

(Special to The Times)  
Nanaimo, Nov. 28.—Plans for beautifying this city are under consideration by the civic authorities following a preliminary discussion of the matter at the last City Council meeting. The subject was brought before the council by Alderman Ironside, seconded by Alderman Rennie, in a resolution which was carried as follows: "That this council goes on record as endorsing in principle any practicable project which may be submitted for beautifying the city, and the consequent ensuring of better attractiveness for industrial, commercial and tourist development."

The council was in receipt of communication from numerous residents living at the south end, giving their consent to the inclusion of their properties in the proposed extension of the city limits. The city clerk was instructed to check up the various properties and report to council.

An invitation was received from B. S. Brown, president of the Vancouver Publicity Bureau, asking Mayor Busby to attend the annual dinner of the bureau to be held in Vancouver November 29. The invitation will be accepted.

Alderman Ironside introduced a resolution, to have a by-law drafted which will provide for a two-year term of office for the City Council instead of the present one-year term. This was adopted and the resolution is as follows:

"Whereas, the one-year electoral term in our system of city government is out of date, inadequate and inimical to any continuity of policy, and therefore, to the detriment of the best interests of the city;

"And whereas, the experience of other cities and municipalities of British Columbia has led them to successfully adopt the two-year term which is giving better efficiency and more economical business administration as well as ensuring reasonable time for newly-elected representatives to become properly conversant with their duties and carry to fruition well-considered and important municipal plans and projects;

"And whereas, the above conditions can be automatically brought into effect by abolishing the present antiquated and restrictive ward system, and thus leave the entire council elected by and for the city at large;

"Therefore, be it resolved that the legislative committee of this council be authorized to bring in a by-law providing for the above to be placed before the electorate at the forthcoming municipal elections."

### Ladysmith

Saturday evening a whist drive was held in the A.O.J. Hall under the auspices of the Foresters' Lodge. Fourteen tables were in play. Prize winners were: Ladies' first, Mrs. J. Hulme; second, Mrs. J. P. Pasternon; consolation, Mrs. R. P. Battle; gentlemen, first, J. Dunsmuir; second, H. Yeoward; consolation, Miss Jessie Mawson; substitute, following the games dancing was enjoyed.

A number of friends of Mrs. T. Aulcliffe paid her a surprise visit at her home Saturday evening. Whist was played and first prizes were awarded to Mr. and Mrs. J. Wilson. Second prizes were won by Mrs. T. Ferrero and Miss Beth Cunliffe. At 9:30 a delightful supper was served after which games and dancing were enjoyed. During the evening presentation of a set of coffee spoons was made to Mrs. Cunliffe.

A very enjoyable whist drive and dance was held Friday evening in the South Oyster schoolhouse, under the auspices of the Saltair Farmers' Institute. Nine tables were in play and the successful winners were: Ladies, first, Miss C. Fraser; second, Mrs. F. Thicke; consolation, Mrs. J. Dick; gentlemen, first, J. Reid; second, C. Baker; consolation, R. Rayer. A special prize was drawn for and was won by Miss Harriet Brawn. Following the games refreshments were served after which dancing was enjoyed, the music being supplied by P. Dooley and F. Dounmont.

John Coupland entertained about twenty of his guests Saturday afternoon at the home of his parents, in honor of his eighth birthday. A jolly time was spent in playing games. At 4:30 they enjoyed supper. The guessing contest was won by Cameron Delaney and Fred Wilson, and "pinning the donkey's tail on" was won by Harry Cioke and Jack Morgan.

The ladies' guild of St. John's Church held a successful Christmas sale of aprons, neckties, home-cooking and candy on Saturday in St. John's Parish Hall. A guessing contest was won by Mrs. E. Heyes, Mrs. Shaw, Mrs. H. Wright, Mrs. T. McArthur, Mrs. J. M. Thompson, and Mrs. J. Hartley. These ladies having guessed the exact weight of a seven pound fruit cake. During the afternoon tea was served. The brain tub was in much demand by the children. For the occasion the hall had been prettily decorated.

Mr. G. Nash and daughters Alma and Edna left Sunday for Vancouver en route to Los Angeles where they will reside.

Miss Evelyn Chesworth spent the week-end in Victoria.

### Vancouver Man's Invention Sold

Vancouver, Nov. 28.—Joseph Oscar Grenier, Gravelly Street, Vancouver, has received word from Washington, D.C., that his application for a patent on an improved type of turnbuckle or rope puller has been granted in the United States. The patent has already been sold to a Canadian concern which intends to proceed with manufacturing. It is announced.

Mr. Grenier is an electrician employed by the B.C. Electric Company. The invention is a product of his own problems in stringing lines for the company, the new turnbuckle, it is claimed, making simpler the task of hauling taut the cables.

Earrings were invented during the High Renaissance in Italy.

## WAR VETERANS HEAR MINISTER

Hon. J. H. King Addresses Vancouver Branch of Canadian Legion

Vancouver, Nov. 28.—History and scope of the legislation affecting the welfare of veterans of the World War were dealt with by Hon. J. H. King, Minister of National Health and Pensions, at the annual meeting of the Vancouver G.W.V.A. branch of the Canadian Legion in its Seymour Street Club premises last evening. Desiring to bring the legislation into line with the wishes of the veterans and the country at large, the Government had appointed a royal commission headed by Colonel J. L. Ralston to make an exhaustive investigation, he said. The report had recommended many changes which had since been put into effect. Dr. King mentioned especially the pensions appeal system under which thousands of veterans had had the benefit of a review of the findings of the Royal Commission.

## PEACE RAILWAY PLANS STUDIED

Windsor, Ont., Nov. 28.—"There are no definite plans as yet," said E. W. Beatty, president of the Canadian Pacific Railway, when questioned here yesterday with regard to the possibility that a more northerly outlet might be provided from the Peace River district to the British Columbia coast.

"The Canadian National Railways have just reached the decision that they will accept our offer for joint running over these lines," he said, in referring to railways formerly owned by the Alberta Government.

"There is much rehabilitation to do in the district and we must be engaged on that for some time. We must first of all get legislation to carry out the plans we have in mind. This will be secured both in the House of Commons and the Alberta Legislature at their next sessions. Until then we shall be unable to announce any definite plans."

### MAN ENDED LIFE

Nelson, B.C., Nov. 28.—With a large calibre rifle between the knees, the body of Morrice Lunn, sixty-eight, a recluse, was found in his ranch house at Fruitvale yesterday by a neighbor. A coroner's jury returned a verdict of suicide by shooting. Lunn had been a resident of Fruitvale for seventeen years. He touched off the gun with a claw-hammer, it is believed.

## TEST VOTE SOON IN NEW ZEALAND

Wellington, N.Z., Nov. 28.—(Canadian Press Cable via Rueter's)—The standing for the political parties in the New Zealand Parliament following the recent general election soon after the counting of votes is completed gives the Government of Premier J. G. Coates the largest representation of any party. The House of eighty seats is divided, as follows: Government (Re-

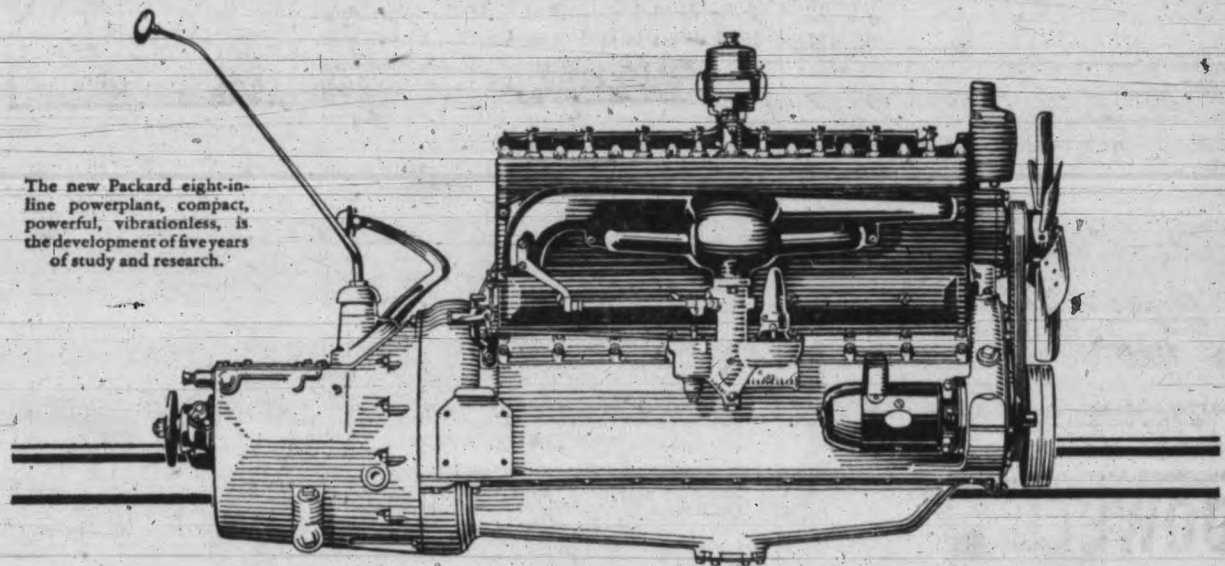

form) Party, 29; United Liberals, 27; Labor, 19; Independents, 5. Three of the Independents, however, are pledged to support the United Liberals under the leadership of Sir Joseph Ward, which presages possible defeat of the Government when the Parliament opens on December 4 for the purpose of a test vote. Before dissolution the Government party had fifty-three seats, Labor 14, the United Party 11 and Independents 2.

Autos in the United States are increasing at the rate of 2,000,000 a year.

### QUEBEC THEATRE LAW

Montreal, Nov. 28.—The right of the Quebec Legislature to pass a law prohibiting children under sixteen years from entering moving picture theatres in the province was upheld by Court here yesterday in dismissing Mr. Justice Demers in the Superior writ of prohibition in favor of thirty-five theatre owners of this city. The claim that the law passed at the last session of the Legislature was unconstitutional was dismissed.

## A NEW POWERPLANT

— which makes every Packard a Packard Eight

THE new Packard eight-in-line powerplant for its 126 and 133-inch wheelbase models reflects Packard's 30 years of experience in building and servicing all types of motors.

The eight-in-line engine originated in Europe where it was developed by those manufacturers who have since unanimously abandoned the V-type for it. But Packard was the first prominent American maker to introduce it.

Packard's lead was promptly followed by other American builders so that, whereas prior to 1923 thirty American manufacturers of multi-cylinder

cars were making V-type motors, today there are but four.

Whereas, previously, twenty-two European manufacturers had been marketing V-type motors, today not a single one is still using them in stock car production.

Five years of constant study of the straight eight, based solidly on Packard's successful development of this type engine for its 136 and 143-inch wheelbase cars, had so firmly proved the basic merits of the eight-in-line principle that Packard decided to completely standardize on eights.

With the new motor Packard puts eight-cylinder smoothness, power and performance at the command of thousands who in the past did not feel they could afford the supreme luxury of transportation which a Packard Eight provides.

You may demonstrate the new Packard Standard Eight at any time. Come in or phone and one will be placed at your disposal. We promise you a new experience in motoring luxury.

The Packard Standard Eight 5-pass. Sedan costs but \$3,850.

### Ski Championships for Banff

Top left, Kay Harrison, Queen of the Carnival. The inset proves that Banff Winter is not all shivers. Below, en-route to Lake Louise, pictures at the right.

Announcement that the Western Ski Championships of Canada would be held at Banff during the Carnival Week February 2-9 is greeted with enthusiasm in practically every corner of the continent. Skiing has always been a feature of the Carnival, but this season, world's champions will gather there and present an exhibition which in itself would be worth travelling a thousand miles to see.

The Banff Ski hill is undergoing improvements at the present time to allow for longer and more spectacular jumps and a cabin is being erected on the top of Story Mountain by the Banff Ski Club which is also preparing several runs suitable for beginners as for experts. Last year a favourite cross country run was to Lake Louise, part of which was accomplished as automobile tow. That this is a

worthwhile run may be gathered from the photographs above.

But the skiing is only one side of the Carnival life. There are the dogs and the derby, the ice and the skating, the toboggans and sleighs, the dances and fancy dress balls, curling and hockey, a properly organized sports program and a general atmosphere of spontaneity, gaiety and fun. W. A. Brewster is chairman of the Carnival, George Hunter is secretary and the Queen—the Queen of Banff Winter Carnival—is Kay Harrison of Vancouver. Miss Harrison's might easily have been a crown of beauty and popularity, but it was also her prowess as an all-round sportswoman which gave her the title. Here will be a very merry court and it will embrace all those whose pleasure takes them to Banff during the period of her sovereignty.

### TINY CHILDREN WITHOUT HOME

Japanese Father Deported For Insanity; Immigration Difficulty

Seattle, Nov. 28.—Two little Japanese children, a girl four years of age and a boy of two, were left alone in a strange land, uncertain as to what fate holds next in store for them, when their father, H. Kobayashi, reported wealthy Japanese importer, sailed from Seattle yesterday for Japan.

#### ENGLISH GOVERNANCE

The children came to Seattle with their father last August from Vancouver, B.C., together with a governess, Miss Margaret Conlen. All took up their residence at the Cambridge Apartments. Later the father was committed to the Meadows Sanitarium following a court hearing as to his mental condition.

The father was released from the sanitarium yesterday morning and sent to Japan by steamship by the Japanese consul, H. Okamoto, at the request of relatives of Mr. Kobayashi in Tokyo. The children have been for several weeks entrusted to the care of Mrs. Judge Kelsey, 7703 26th Avenue N.W., and they remained there when their father left for Japan.

#### WITHOUT A HOME

Belief was expressed by Mr. Okamoto and immigration authorities that the children will have to be deported eventually, but the consul said there would be no one to care for them on board the ship on which the father sailed.

Born in Vancouver, they cannot remain lawfully in this country for any length of time. There is no home for them in Canada, while Miss Margaret Conlen, their former governess, who is anxious to care for them, is barred

from Canada because of difficulties with immigration authorities. "It's terrible," Miss Conlen said last night. "There isn't anyone in Canada who will take the children after they were sent there. I can't imagine what would happen to them there."

Sale of Work.—The New Thought Ladies' Club will hold a sale of work in the Sons of England Hall, Broad Street, on Monday afternoon, December 3, at 2:30 o'clock. Fancy articles, candy, afternoon tea will be on sale, and at night a dance will be held.

### PIONEER WOMAN CALLED TO REST

Late Mrs. Allen Brooks Was Daughter of Hon. James Grahame

Another link with pioneer days in British Columbia was severed yesterday with the passing of Mrs. Lillian Mary Allen Brooks, a daughter of Hon. James Grahame, former chief commissioner of the Hudson's Bay Company, and a resident of 2391 Beach Drive, Oak Bay, for a number of years. Mrs. Brooks was taken suddenly ill on

Monday and died later at the Jubilee Hospital.

Mrs. Brooks was born at Stuart Lake, in the interior of British Columbia, where her father was then Hudson's Bay factor. Her mother was a daughter of Hon. John Work, chief factor of the Hudson's Bay Company, and later a member of the first council of Vancouver Island. She accompanied her parents to England where she received her education. After a residence of some years in Montreal, where her father was stationed as chief commissioner of the Hudson's Bay Company, the family returned to Victoria in 1887, residing for many years at Hillside Avenue.

The only immediate relative surviving Mrs. Brooks is her brother, Harry Grahame of Vancouver. J. O. Grahame of St. Charles Street is a stepbrother.

The funeral was held this afternoon at 2:30 o'clock from the B.C. Funeral Chapel. Rev. A. de L. Nunns officiated, and the remains will be sent to Vancouver for cremation.

### Native Daughters Favor Bible In Public Schools

Native Daughters of British Columbia, Post No. 3, went on record as favoring the Local Council's resolution calling for the reading, without comment, of selected passages from the Bible in the city schools, at the business meeting which preceded their social at the Victoria Club last night.

Initiation ceremony took place at the early part of the evening, when two candidates were initiated. Mrs. F. Doherty and Mrs. J. A. Fortimer, followed by a short business meeting, when final plans were made in connection with the bridge party, which will be held on Thursday evening at the Amphion Hall. The members are planning for a Christmas party to be held on December 18 at the Old Craigflower School.

The attendance prize was won by Miss Etta Neelands.

At a negro rally the other night an impassioned speaker, with quivering voice and streaming eyes, declared: "Folks, I been strong against 'heker for fifteen years. Fifteen years ago I stood by the bedside of my dying mother and promised her I'd never touch 'heker again, and I never have."

As the applause died away an old, white-haired woman rose in the back of the house.

"Way, Mom," she cried, "what's the matter with you-all? I ain't dead yet."

For a moment the spellbinder was staggered, but only for a moment.

"Course you ain't, mammy," he bel-  
lowed. "Soon I said them words you got well again."

### MOTHERS AND THEIR CHILDREN

TO SHORTEN THE HOLIDAY JOURNEY

One Mother says—Every mother knows how tired little folks get when traveling—whether by rail, street car or motor. If the journey is too long, they become first bored, then cross and plead, "Aren't we almost there?" A game that one mother plays with two little girls when on all-day motor trips makes the return home shorter and happier. It's a game of "Choosing." Each little girl is entitled to "choose" for here what she sees on her "side of the road." One little girl exclaims, "That's my cow in that field." Then the other little girl answers, "No, see that cute kitty by that house. That's mine!" Sometimes Mother chooses something they have missed, like a wind-mill or a bird.

### Women Hurt in Street Car Panic

San Francisco, Nov. 28.—Two women were injured yesterday in a panic which started aboard a Market Street Railway car after the control box caught fire, leaving the motorman powerless to stop the heavy coach, which ran four blocks down a hill near the Mission Viaduct.

The excited crowd jammed the back entrance and the motorman was obliged to fight his way to the controls at the rear end. Several passengers broke windows and attempted to crawl out, and one unidentified man jumped from the rear platform.

### NANCY PAGE

NANCY MAKES PILLOWS FOR HOME AND BAZAAR

By Florence La Gaika

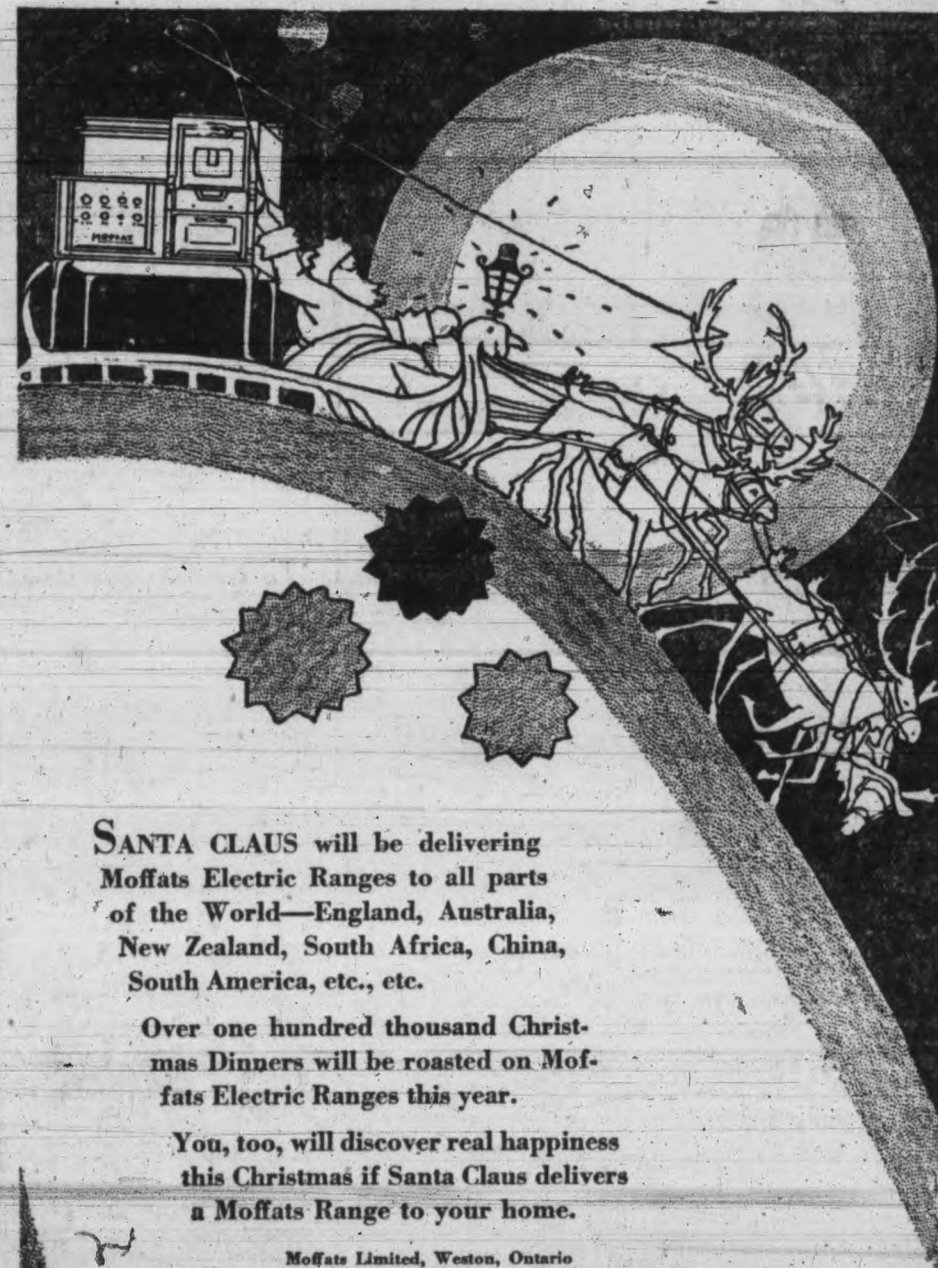

When Nancy felt that a room was looking shabby, she went to work making a new pillow or two. She found that these would freshen a room out of all proportion to their size or cost. But she had learned that they must not look as new they outshone the rest of the room. Accordingly she used rather quiet colors for coverings, putting the vivid touch in the trimming. Sometimes she obtained effects by unusual shapes or materials. With the present vogue for velvet in mind she used it in a most effective pillow. She chose soft, flexible, transparent velvets in soft grey and peach. The filling of the pillow was almost as soft as the velvet. The feeling of suppleness was further enhanced by the two end pieces which were nothing more than velvet doubled back on itself.

Another pillow was made for her bedroom originally, but she liked it so well she put it aside for the coming bazaar. Pillows are saleable at these affairs, especially if they are different. This one had a top of lavender satin. The back was gold satin. On the top were embroidered five conventionalized flowers with leaves. The material used for embroidering was the old-fashioned chenille. The colors were lavenders, pinks and greens, with a touch of deep yellow in the French knots.

# "Flat" Walsh Plays Leading Role When Americans Take Lead

Hand Ottawa First Defeat of Season to Jump Into Leadership of Canadian Section of N.H.L.; Jimmy Ward-Stars in Maroons' 4-0 Victory Over Toronto; Boston in Second Place in the American Section After Humbling Pittsburgh 1-0; Americans Only Unbeaten Team in League

Toronto, Nov. 28.—With "Flat" Walsh playing the leading role, the New York Americans breezed ahead in their game last night with the Ottawa Senators and won by a score of 1-0 and they are now on top of the International Group in the National Hockey League.

The two points gained in last night's victory gave the New York team a total of eight, one more than Ottawa. It was the first defeat for Ottawa and left the Americans the only unbeaten team in the league.

The Montreal Maroons did some speedy skating and scoring on their home ice to beat Toronto 4-0 and advance from last place in the International group to a tie for third place with Toronto. Jimmy Ward, young Montreal forward, was the whole show in the Montreal victory, scoring two goals and assisting in a third.

**BRUINS WIN CLOSE ONE**  
The Boston Bruins helped straighten out the tangle in the lower part of the American group, crowding the upper part even more by taking a close game from Pittsburgh 1-0, the victory putting Boston in second place in the group, one point ahead of the Detroit Cougars and one point behind the leading New York Rangers. The Bruins remain some distance behind, having gained only three points in six games.

New York, Nov. 28.—The New York Americans kept their record clear of defeats and climbed to the top of the international division of the N.H.L. last night by taking a 1-0 decision from the Ottawa Senators.

A brilliant individual play by Himes brought the only goal of the game. In the middle of the second period, Himes worked his way through the entire Ottawa team to within a few feet of the goal and beat Connell with a perfect shot.

**SUMMARY**  
First period—No score.  
Second period—1, Americans, Himes, 13:25.  
Third period—No score.

Montreal, Nov. 28.—The Montreal Maroons returned to home ice last night, after suffering a 4-1 defeat at the hands of Connie Smith's Maple Leafs at Toronto, Saturday, and plastered a 4-0 beating on the same team that defeated them at the Ontario capital. The Maroons, strengthened by the return of Hooley Smith, their regular centre, outplayed the visiting team at all angles.

Boston, Nov. 28.—The Boston Bruins shut out the Pittsburgh Pirates, 1 to 0, here last night, to become runners-up in the American division of the N.H.L. The game, featured by the defence play of both teams, threatened to end in a scoreless draw until the third period was reached. Four minutes after play started in that session both forward lines staged a scrimmage about the Pirate cage. Harry Oliver fought his way through the pack and was in front of Joe Miller when Fredrickson circled the visitor's cage. Oliver caught his pass out and jabbed it past Miller.

**Kansas City Win From Tulsa Oilers**  
Kansas City, Nov. 28.—The Kansas City Pias-mo defeated the Tulsa Oilers, 4-0, in the opening game of the American Association hockey season here last night. The Pias-mo displayed excellent offensive and defensive play throughout the contest.

## PEDEN GIVEN BIG OVATION AT BANQUET

Olympic Cyclist Receives Scroll From Sons of Canada; May Turn Pro

Peden Appears in Olympic Costume; Displays His Many Souvenirs

With an ovation which echoed far beyond the walls of the Sons of Canada Hall, the assembly of young boys and men of the city greeted "Torchy" Peden, Canadian Olympic cyclist, last night as he walked down the aisle to receive the scroll which the Victoria Junior Assembly No. 1, Native Sons of Canada presented to him in token of its admiration of the young man who had done so much for Victoria in the sporting world. A. J. Mowat read the address and presented the scroll which Bill received amid great applause.

"Big Bill," clad in his Olympic uniform of white flannel trousers and white blazer piped with red braid and bearing the red maple leaf, spoke to the gathering informally on the appearance of the Canadians at the games and showed some of the souvenirs which he had brought back with him from Europe.

**MAY TURN PROFESSIONAL**

Hugh Creelman, who officiated as chairman, called upon W. Peden, Sr. to say a few words. Mr. Peden stated that Bill intended to journey to New York to ride there early in March. Bill had not made up his mind whether he would turn professional or not, his father continued, but he added, the majority of people with whom he had discussed the subject advised him to leave the ranks of the amateur. In conclusion he thanked the Junior Assembly for the honor which had been conferred upon himself and his son in holding the reception.

Surrounded by an enthusiastic group of admirers in the refreshment room, "Torchy" showed some of the posters and photographs which he had collected while in Europe and explained to those around him the manner in which he had ridden.

**GIVES ILLUSTRATED ADDRESS**

J. H. Beatty, M.P.P., gave an address, illustrated by several reels of moving pictures on his trip to Europe last year. Many excellent views of cities in France, Belgium and England and particularly fine reproductions of war memorials at Ypres, Salzin Julien, Passendale, Vimy Ridge and other places where Canadians fought, were shown upon the screen.

During an interval in the address, George Dobbie led community singing in which the entire gathering joined. A special selection, "Come to Victoria," was rendered by the guests of the evening including several members of the City Council.

A. H. Galger, the well-known lady impersonator, held the audience in fits of laughter with his popular presentation of "Roll-Em Girls, Roll-Em," while G. A. Farmer contributed to the entertainment with songs and a lightning sketch. George Dobbie greatly amused the gathering with humorous recitations. W. Sheriff accompanied the artists.

**AIR MANOEUVRES**

In the second half of his address, Mr. Beatty spoke on the air manoeuvres at an aerial display in England, and showed pictures of planes doing difficult stunts. Several pictures of His Majesty King George of the United Kingdom were also projected on the screen while the speaker explained the settings in which the pictures were taken.

At the conclusion of the programme, refreshments were served.

**WIN HIDDEN-HOLE CONTESTS**

Miss Benson and Mrs. Price won the hidden-hole "A" and "B" competitions respectively at the Victoria Golf Club yesterday.

**McDUFFY**

By BARRIE PAYNE

## Much Sought Player Signs With Maroons

Montréal, Nov. 28.—Dave Trotter, star with last year's Canadian Olympic hockey team, has been signed by the Montréal Maroons. He will leave tonight with the team for Detroit and Thursday night will play his first game of professional hockey against the Cougars.

Trotter signed the National League contract before last night's game against the Toronto Maple Leafs, but did not don a uniform owing to an injured foot, sustained in an amateur game here the previous night. Rights to Trotter were secured by the Maroons late to-day from the Maple Leafs, who claimed his services, should he turn professional, through the "gentleman's agreement," prevailing in the N.H.L. The deal was put through at a figure stated to be \$15,000 and a player, unnamed, to be turned over to the Leafs at the end of the present season.

Trotter's salary with the Maroons has not been announced and it is not known if he received a bonus for signing. However, it is known that he turned down an offer of \$5,000 a season on a three-year contract and a \$5,000 annual close.

**KEATING TO MEET FOUREX**

Fast Basketball Game Looked For at Centennial Gymnasium To-night

The card which the Victoria City Basketball League will present at the Centennial gymnasium to-night, should give the fans plenty of chance to exercise their voices. The games should all be fast and close.

The third game of the evening is the one which is attracting the most interest. This will see the fast stepping Keating team opposing Shelly's Four-Ex.

The bakery boys threw quite a scare into James Island last week, by forcing them into overtime. On this showing, they should be able to make Keating.

The ladies' section will bring together the Red Birds and Victoria College. The College team has been steadily improving, and the game should be fast up to the final whistle.

The curtain raiser will bring together the Hudson's Bay and Foresters. The final game will see Keating Senior "B" and J.B.A. in action.

The complete card is as follows:  
7:00 p.m.—Senior "C"—Hudson's Bay vs. Foresters  
7:45 p.m.—Ladies—"B"—College vs. Red Birds  
8:30 p.m.—Senior "C"—Keating vs. Foresters  
9:45 p.m.—Senior "B"—Keating vs. J.B.A.

## LOCAL BOXERS IN TRAINING

Albie Davies, Keist, Pastro and Storch Appear on Saturday's Card

Judging from the way the local fighters went through their training at the Victoria Boxing Club gymnasium last night the local competitors in Joe Bailey's show at the Tillikum Club gymnasium Saturday night are out to take the measure of their mainland opponents.

The fighters who were seen in action last night include Albie Davies, who is competing with Harvey Holliday in the ten-round main event, Tim Keist who meets Chris McArdle in a four-round bout and Charlie Storch, local light heavyweight, who is making his debut in the professional ring against Battling Hanson of Vancouver in a four-round bout. Danny Pastro and Jumbo Davies were also on hand, and with the rest of their clubmates went through a strenuous workout in preparation for Saturday's bouts.

Pastro has been rematched with Wing Hay the Chinese fighter for a four-round bout, while Jumbo Davies is training for his fight in Seattle Thursday night.

**LEWIS ON ROAD**

Dave Lewis, who fights Johnnie Farrell of Tacoma at Port Angeles Thursday night in the six-round main event of the B.P.O.E. show confined his training activities to road work as he does not want to take any chance of hurting his lip, which was cut open in his recent bout with Nels Ferguson at Vancouver.

## STAR HORSES WILL RUN AT TIA JUANA

Greatest Track Meet on Continent Will Have Brilliant Opening To-morrow

Thirty-one Speedy Racers in Inaugural Handicap; Jack Dempsey to Attend

San Diego, Cal., Nov. 28.—With many of the best horses of the country on hand and with many more reported on the way, officers of the Tia Juana Jockey Club yesterday predicted a brilliant opening for their 1928-29 season, which starts to-morrow. Nominations for the Inaugural Handicap, dash of six furlongs, closed yesterday, and the racing secretary found that thirty-one speedy racers had been named by their owners.

Genie, the powerful son of Man o'War, and among the first "five" of the handicappers of America, is on the ground, and will be prepared for the rich stakes. And basking almost in the same limelight as the Man o'War's son is such a good racer as Healy, the Clifford, Cochran, two-year-old, and three-year-old after January 1.

A list of the stars here includes horses of W. S. Heaton, Rudolph Spreckels, Alexander Paulsen, Walter H. Hoffman, the La Brea Stable, Rose-dale Stable, W. Carroll, Herman G. Goltz, Johnny Coburn and Jack Dempsey, Cochran and others.

**OVAL RESTURFAK**  
The entire oval has been resurfaced, the turns banked higher and the old gumbo soil heading into the turns at the back stretch has been scraped off and new soil added.

As for the riders some real talent has been brought here, including Johnny Malben, C. E. Allen, C. Meyer, Joey Imeson, Willie Keisy and Bobby Jones.

**DEMPEY TO ATTEND**  
Jack Dempsey will campaign an extensive string of horses here this winter and will probably bring his colors in the Thanksgiving Handicap, the opening feature. Dempsey said in his wire that he would positively have a starter in both the \$100,000 Handicap and the \$25,000 Tia Juana Derby.

Dr. Wilson, winner of last year's Tia Juana Derby, may be better of his side in the Thanksgiving race. John G. Corbin, trainer for the former champion, has the entire string in fine fettle after a successful campaign on the New York circuit.

The Doctor is being primed for the opening gun after a long rest.

**HAS FINE HORSES**

Dempsey spent considerable money in New York last summer to buy himself suitable candidates for the Thanksgiving Handicap to be decided March 17, and the Derby several days earlier. One of his outstanding purchases was Becraft, a former Rancocas three-year-old. Changes, another former Rancocas star and claiming the now popular sire, Kamsang, as his dad, is another of whom great things are expected.

The keen sprinters, Old Kickapoo and Peavo, Zest, a two-year-old son of Zev, likewise eligible for both Coffs and the Derby, can also be counted on.

Denke, Cancho, Dr. Wilson, Frank G. Menke, Caroline, Speedy Shaw, a two-year-old; Zalman, a two-year-old filly by Zev; Prattle, Lady Hollywood and Bridgmont comprise the rest of the Dempsey string.

## Montreal Team Declared Canada Rugby Champions

Montreal, Nov. 27.—Canadian Nationals of Montreal were yesterday declared intermediate football champions of Canada. President S. C. Hol-Union announced that the Oshawa Blue Devils, Ontario rugby football winners, had decided not to compete in the Canadian team. Quebec Rugby Football Union winners in the Dominion finals here next Saturday.

Oshawa, Nov. 28.—The executive and players of the Oshawa Blue Devils, intermediate champions of the O.R.F.U. Monday night decided not to continue in the Canadian team. Union play-downs, owing to injuries.

**O'CONNELL WITH HOLLYWOOD**

Winnipeg, Nov. 28.—Freddie O'Connell, Duluth hockey star, has left Winnipeg for Hollywood, Cal., where he will play for and coach the Hollywood team in the California league.

## FOXY PHANN

The way you turn out often depends upon the time you turn in

## Bucks Skate Their Heads Off to Hand Cubs a 3-1 Defeat

Portland Notch Up First Victory of Season In Hotly-contested Exhibition at Arena Last Night; Much Heavy Checking and Fast Shooting; Portlanders Have Improved Since Start of Season; "Red" Hardaker, Visiting Goalie, Brilliant; Cubs Appear Off Color After Long Rest

Bobby Rowe's Portland Buckaroos certainly came into their own at the Willows Arena last night, handing the Victoria Cubs a 3-1 setback, to notch up their first win of the season. It was a hotly-contested game, with plenty of heavy checking and fast skating. Some finely-executed combination plays were also pulled off.

Portland can practically thank "Red" Hardaker, their goalie, for their victory. He played a whale of a game and at times was phenomenal. Time after time he would shoot his stick or pads to the corner of the net to deflect shots. His goaltending just broke the hearts of the Victoria fans.

The Buckaroos seemed to come to life after taking three setbacks on the chin, two from Seattle and the other from Vancouver. They played good hockey, their defence standing up well while the forwards pulled off some nice combination work.

**CUBS OFF COLOR**  
Victoria on the other hand seemed a little off color, the defence being wide open at times, while the forwards seemed to lack the pep shown in previous games. The week's lay-off apparently did them no good.

Two of Portland's goals came off the stick of Pratt, peppy forward. He went in on two rebounds to slap the puck past Robertson. The Victoria goalie was slow in clearing the shot, and Pratt went right in to bang the rubber into the hem. The goals were well-earned, but Robertson should have got the puck away from his net.

Only four penalties were handed out during the three periods, Portland collecting three of them and Victoria one.

**A FAST CLIP**  
Play opened at a fast clip, and Evans snared the puck at the faceoff to drive in the first shot of the game. Red Conn went down on a solo rush to flip in a backhand, but Robertson sent his forward's stick on the clear. Red's path and Kelly went through, but the Portland defence were checking heavily, throwing their bodies into the goal mouth, but there was nobody there to shove it into the net.

Leacock gave the fans a thrill when he scored a goal, but Mickey Ion's whistle had already blown for off-side. It was a first chance for Victoria, as the puck was in the net when Babe Morrison was penalized for loosing, breaking the anti-defence rule. Victoria tried hard to score with the odd man on, but their efforts were useless. Just before time, Kenny, hockey Victoria defence man, was sent to cool off on the penalty bench for dumping the puck on the goal line.

Portland opened the second period like they were out after goals. Kelly and Downie went down together, and the former gave Dave a lovely pass in the goal mouth, but his shot was wide. It was a first chance for Victoria, as the puck was in the net when Babe Morrison was penalized for loosing, breaking the anti-defence rule. Victoria tried hard to score with the odd man on, but their efforts were useless. Just before time, Kenny, hockey Victoria defence man, was sent to cool off on the penalty bench for dumping the puck on the goal line.

**DOWNIE MISSES CHANCE**  
Portland opened the second period like they were out after goals. Kelly and Downie went down together, and the former gave Dave a lovely pass in the goal mouth, but his shot was wide. It was a first chance for Victoria, as the puck was in the net when Babe Morrison was penalized for loosing, breaking the anti-defence rule. Victoria tried hard to score with the odd man on, but their efforts were useless. Just before time, Kenny, hockey Victoria defence man, was sent to cool off on the penalty bench for dumping the puck on the goal line.

**LEACOCK SCORES**  
McGoldrick gave Portland their first goal when he scored through a solo rush to beat Robertson with a low shot from inside the blue line to the corner of the net. He completely beat the Victoria goalie.

This speeded the play up considerably to increase their lead, while the Cubs were striving to tie it up. Leacock made a nice hook check to snare the puck when Portland had three forwards with only two Victoria defence men to beat.

Portland went two in the lead when Jack Pratt slipped in a rebound from McGoldrick's shot. The Portland went in fast to push the puck into the net before Robertson cleared. Downie went down on one of his fast rushes, but after nearing the goal shot wide. He had to be carried off the ice a few minutes later after being checked heavily by McGoldrick. The Portland defence player was booed by the crowd.

**PLAY RAGGS**  
Play ragged in centre ice for a few minutes, the fast pace was beginning to tell on the players. Daly, Portland's left defence man, was put out of the game just before the end of the period when he was heavily checked by Portland. The Victoria player sent Daly to the ice, and he lay there until the end of the period. He did not go on the ice again, Conn taking his place in the last period.

Victoria had a little edge in the third period, although they were only able to break even with the Buckaroos in goals scored. Redpath again a mule drive, and the goal umpire must have figured it was going to be a goal as he started to raise his hand, but

Hardaker kicked the puck clear. Evans had a clear shot, but the puck went high.

**GET THIRD GOAL**

The Buckaroos practically sewed up the game when Pratt followed in to beat a rebound from McGoldrick's shot. It was his second goal of the game.

Hardaker seemed to be right in his glory stopping stalling drives from Redpath, Seattle Leacock. McGoldrick went off for cross-checking Leacock.

While Portland was one man short, Victoria scored their lone goal, Portland taking a pass from Kelly in front of the net to beat the red-haired goalie. Before play resumed Bobby Rowe called time out, in order to give his boys a rest.

Portland were again a man short, Armstrong going off for tripping Downie, but Victoria failed to make use of the advantage.

On their exhibition Portland looks like a good team, and should be heard from before the end of the season. They are a bunch of hustlers and back-check their heads off.

**LINE-UP**

**Canadian Wins Decision Over Frankie Genaro**

Portland, Me., Nov. 28.—Art Giron of Montreal won the newspaper decision over Frankie Genaro of New York, 11-5, weight champion, in twelve spirited rounds here last night, each 115½ pounds.

Genaro scored with his left, but Giron's steady body punching more than offset this in the opinion of sports writers.

## SEATTLE SIGNS ANOTHER PLAYER

Max Sutherland, With Moose Jaw Last Season, Joins Pete Muldoon's Club

Seattle, Nov. 23.—The addition of a big, fast-skating forward to the Eskimo roster was announced yesterday by Pete Muldoon, manager of the Seattle Hockey Club. The player is Max Sutherland, a hefty 185-pound forward, who played with Moose Jaw last season and was considered the fastest skater in the Canadian prairie league. Seattle had to purchase his release from the Saskatchewan club to secure him.

Moose Jaw is the club from which Muldoon bought Hal York, the defenseman, mustachioed leader of the Eskimo goal, and if Sutherland measures anywhere up to Lorne's standard, he should prove a very valuable addition to the local forward line.

### PLAY AGAINST CUBS

Sutherland was due to leave Moose Jaw last night and may arrive here Friday morning in time to get into action against the Victoria Cubs Friday night.

With a new forward on hand, Muldoon will be able to move one of his front-line men, probably Jack Kwanine, back to the defence as a relief for Johannesson and Fridham. Earle Overand, the regular defence spare, is in bed with a bad ankle which will keep him out of action for several days yet.

## Normal School Win From High

Dropping the ball into the basket just before the final whistle sounded, Snowell, of the Normal School, gave his team a two-point lead which won them the game from Victoria High School by 20-18 yesterday.

In the first encounter of the day the High School "B" squad defeated the Norman by a 17-10 count.

## St. Louis Win From Champions

St. Louis, Mo., Nov. 28.—St. Louis' professional hockey sextette came through in flashy style last night to defeat last season's American Association champions, Minneapolis, at the Winter Garden rink by a score of 3-2.

### Pirates Practice

The Pirates senior rugby team will hold a practice at the Memorial Hall to-night at 8 o'clock. An appeal is being made by the club for new players as the team has lost a number of their stars through injuries.

### FOOTBALL MEETING

A meeting of the Junior Football League will be held in the Y.M.C.A. this evening at 8 o'clock. Teams are requested to send representatives to the gathering.

## MOTORCYCLISTS GIVEN PRIZES

Recent Hillclimb is Recalled By Banquet Meeting at Chamber of Commerce

Prizes won in the Victoria Motorcyclists' annual hillclimb on Thanksgiving Day, were presented at a banquet held in the Chamber of Commerce dining-room.

Owen Fowler, who acted as referee, presided, and the presentations to winners of the various events were made by N. G. Griffiths, George Reece, who was the winner of the "74" class and third in the "80" class, and incidentally setting the highest mark of the day, received a handsome pair of golf clubs. Bob Shanks, who made third in the "74" class, first in the "45" class and second in the "30" class was presented with a wrist watch. Other prizes presented were: J. Wheeler, second in "45" class, scrip; D. Barraclough, second in "74" class, cuff links; S. Berriman, third in "45" class, gauntlets; P. Thomas, "37" class winner, spotlight.

Reference was made to the sportsmanship which the contestants had displayed during the climb and thanks were extended to the Victoria-Saanich parks and beaches committee, Saanich police and others who helped make the climb a success.

A successful "paper chase" held by the club last week-end was also referred to by speakers during the evening. Sixteen riders took part in the chase during which the whole of the Saanich peninsula was covered by the boys on their bikes. After over an

hour of riding, the "hounds" failed to gain more than one minute on the "hares."

## Sidelights By SOLO

Joe Smith's clawing Cubs ran up against a defence machine which was playing to hold its job late night and they came off second best. Manager Bobby Rowe admitted before the game that he had signed another goalie to replace the fiery-headed Markham, who, however, proved the Cubs' nemesis throughout the game. The new man, who may yet appear in a Portland sweater, is named Mabel and hails from Minneapolis. Also the Buck's manager announced he was in the open market for a defence man worth \$5,000. He also announced the signing of a player called Teal.

This probably had plenty to do with the airtight defence which the Portland machine displayed. Manager Rowe has become downcast over the poor success of his Buckaroos, despite the incessant, battering attack which his forwards provided, and Hardaker was shouldered with more than a little of the blame. The boys went out to play for their jobs last night and Bobby will have a task to decide whether any of his proteges will go.

The fans welcomed Cliff O'Meara into the game with gusto. Cliff had not been able to make an appearance with the team owing to injuries which he received during practice prior to the season opening.

No matter what angle the rubber appeared from this Hardaker youth was in the way. To say he was cool is putting it mildly. With the Cubs hammering away, trying to efface a two-goal lead, he stood calmly by and plugged up all the holes. The only time the puck got past him was an impossible chance for him to accept.

Minus "Babe" Runge, who is suffering from tonsillitis, the Victoria attack seemed to lack the punch they showed in the opening game and repeatedly wasted its efforts on a fierce checking, all-devouring defensive machine, which consisted mainly of Joey McGoldrick and the hard-checking Daly, assisted by others who happened to be in the vicinity.

Dividing his time between heavy body-checking on the defence and several smashing sallies at the Cub line, McGoldrick was undoubtedly one of the best men on the ice. His stick handling was pretty to watch, and to prove he was no slouch, he picked off the first Portland shot and had his fingers in the pie when the other two were scored, although not getting official assists for his work.

The fans who were trying to pick out the Cub stars had their eyes fixed on young Jack Kenny, the former Edmonton amateur, who gave them a treat with his whirlwind rushes. He's a heavy boy, skates like an express train and doesn't make any stops on his way down the ice. When he hits 'em they stay hit, too.

Dave Downie took a knockout punch in the second period when he tried to match his slight form against the husky McGoldrick. Dave went down and had to be packed off the pond, but came back again next session full of life. It's his tricky skating and pretty stick handling which makes this boy a great favorite with the rooters.

Joe Smith put his lion-taming Cubs through some pretty paces in the first period, trying to get through a stonewall presented by the Buckaroos. Converted advances, neat combination and several long range shots failed to do more than get the Portlanders slightly ruffled, however. Meanwhile it was the Buckaroos' policy to hammer away with two-man rushes and frequent solo efforts.

Bobby Rowe sprang his whole bag of tricks in that hectic second session. Some really fine hockey was the result, and the Cubs fought back tooth and nail as the Bucks slicked them for two tallies.

McGoldrick ticketed a high-powered thrust from the blue line to the corner of the net for the first tally. It was a beautiful shot and Earl Robertson probably never saw it.

Before he passed out of the picture in the second, Downie nearly found the corner of the net when he aimed for a two-inch hole after taking a pass from Kelly. The puck hit the post.

Portland got caught once packing their defence and suffered the loss of Babe Morrison, who took a two-minute rest in the ice-box. Kenny followed him a few minutes later, when he was downed Pratt with a stiff body-check.

The fierce-looking Pratt, who holds down the right wing position for the Bucks, was in the fight all the way, two of the goals going up against his name. He is a regular demon while on the ice and never gives his opponent a leeway. His first tally was scored on a terrific swipe at the puck after it had rolled off Robertson's pads from McGoldrick's shot.

Husky Bill Borland, who captains the local squad, stood in Daly's path toward the end of the second period. Daly went down and stayed down after connecting with Bill's massive figure. Daly hurt his shoulder and did not return to the game, Red Conn dropping back from centre ice to the defence.

Their tails badly twisted, the Cubs were out for "meat" in the final session, but there was not the same pep in their attack as they showed against the Lions last week. It failed to fizz on the fighting Buckaroos at any rate, especially with young Hardaker in the net.

Kenny saved a fourth Portland tally when he swept down on Carrigan who was set to shoot from five yards out. He cleaned things up nicely.

The rush customers were a little puzzled when the Portlanders called time out after the Victoria tally. "Help, Bobby, help!" somebody yelled. Any team is allowed one minute and thirty seconds time out, under the new set of rules drawn up for the league.

The Cubs have plenty on their hands before they appear here next Tuesday as hosts to the Seattle puck slingers. They hope to account for Portland on their ice on Thursday, and will then be entertained by the Sound City squad on Friday. As a result of last night's encounter they are now tie for second in the league, standing with the Vancouver Lions.

## Bobby Jones On Golf

TOO MUCH COMPETITION PROVES TOO GREAT A STRAIN FOR JOHNNY FARRELL

Soon after Johnny Farrell had won the United States Open, Grantland Rice wrote that about the only thing that could keep Johnny away from a permanent position around the top was playing too much golf. The demands upon an open champion for exhibitions are great and the desire to realize upon the market value of a title impels most men to accept all invitations.

Farrell, quite naturally, filled all the engagements which train schedules and the distance to be traversed would permit. The very day after the play-off at Olympia Fields, he was engaged in a tournament at Kansas City. From that time on there were matches and tournaments here, there and everywhere.

### LOOKS WORN OUT

Early in September Johnny failed to qualify for the P.G.A. and was beaten in the early stages of the Metropolitan professional championship. Immediately after the P.G.A. qualifying rounds I played with Farrell, Hagen and Sarason at Woodland, near Boston. At that time it was impossible to watch Johnny without becoming sincerely sympathetic. Not particularly strong at any time, he appeared to be actually worn out mentally and physically. The sting was gone from his long shots and his putting was listless and ineffective. I thought then of Grantland Rice's forecast:

### HAGEN A PERFECT TYPE

Hagen, on the other hand, has played as much golf this year, probably more, and during the past several years he had taken part in more exhibitions than any man living. Apparently it has no effect upon him either physically or mentally. After looking at McGoldrick, who appreciates his own physical endurance, Big powerful, he looks as though he could wade through seventy-two holes a day for weeks without becoming weary. But to avoid staleness, which is, after all, only a

lagging of the brain, requires more than a powerful body. There again Farrell lacks the equipment needed to carry him through a long, strenuous season. His high-strung nervous system is not able to absorb punishment day after day, and week after week. Farrell can never play golf placidly. He is one of the many who must be "putting out" all the time.

Johnny takes very good care of his body, even going in to a certain extent, for systematic training. He neither smokes nor drinks. But what he has needed this year and hasn't had is relaxation. The wisest thing he ever did was to stay away from the British open in order to be rested up for the American championship. In the end it was the rest which enabled him to win.

### CONSERVES ENERGY

Everything said about the advantages of continuous competitive play should be heavily discounted. Men situated like myself, who cannot spare time for more than two tournaments each year, are supposed to labor under a severe handicap when playing against professionals who have unlimited time for play. But I consider that very circumstance as a distinct advantage. After years of experience, it is not necessary to play continuously in order to know how to handle oneself under a strain, and the infrequent play never destroys the keen edge of a competitive spirit. The man who is "feeling to go" is always a hard one to beat.

### FARRELL NEEDS REST

Johnny Farrell just happens to be the type which needs rest—not necessarily complete physical rest, but rest from golf. He will meet with greater success when he chooses a few important tournaments upon which he can concentrate his energies. Unfortunately, to follow that plan will mean the loss of many useful exhibition fees, but it will bring more important titles.

## ALEXANDER TRIAL HELD AT WINNIPEG

Winnipeg, Nov. 28.—That it was the effects of the World War rather than thought or misguided acts on the part of those in charge which had caused the financial wreck of the Great West Permanent Loan Company was suggested by defence counsel yesterday at the trial here of W. T. and F. R. Alexander, officials of the defunct concern, who are charged with conspiracy and making false statements.

In cross-examining J. A. McGregor, former treasurer of the loan company, defence counsel asked the witness if he thought the World War had caused the failure. Mr. McGregor said he would not like to go "that far."

"Club for bad boys." Thus runs a newspaper headline. This seems going too far, in my young days a birch or cane was considered a sufficiently corrective implement.

## WITH THE PUCK

Ken Williamson, of last year's Regina Monarchs, who has been trying out with the Duluth Hornets, has failed to make the grade. Instead of being farmed out, however, he has returned to Regina and has already signed to play with the Vics in amateur hockey.

It begins to look as if Cliff McBride, former Port William defence man, may yet get his chance with the Montreal Maroons. Duane Munro, the Maroon's big defence man, is out of the game for good on account of heart trouble. Now the Montreal team is recalling McBride from Windsor, where he was sent recently.

Val Hoffinger and Earl Miller, two of last year's Saskatoon team, are now with St. Louis. They failed to make good with the Chicago Black Hawks. Another bit of news from the American circuit is the fact that Amby Moran and Art Townsend will be the regular defence pair on the Tulsa entry. The two former Brandon men are burly enough for the job.

Many scouts from teams in the United States were looking over the hockey practices and games in Toronto recently. A representative of the Tulsa, Oklahoma team of the American Association, witnessed the Canadians' Leaf game recently. He interviewed Manager Smythe of the Leafs and Cecil Hart of the Canadiens in connection with purchasing a right wing player. The Tulsa club will not take any player on loan, but wants outright claim on them and is willing to pay a good price for promising material. An arena which will cost close to \$1,000,000 is nearly completed in Tulsa and the oil country is all stirred up about hockey.

Brandon hockey officials were somewhat alarmed earlier in the season over a report that Lund might be seen in a Pacific coast uniform this winter. But the sorrel-top blew into Brandon the other day and assured "Sandy" McNeill and Jack Riddell that he would be very much on the job again. Which was good news, for Lund's play on the wing position was one of the outstanding features of the team's work.

Hugh Plaxton, former Toronto Grad star, is being counted on by the Argo O.H.A. seniors, besides Ross Paul, Charlie Delahay, Fred Miller, Joe Camperon and a host of others. From this it looks as though Harry Watson might trot out a formidable Allan cup contender.

Toronto Varsity may be expected to furnish some fireworks in the O.H.A. series this winter, with "Red" Porter, an ex-member of the world champion Toronto Grads, in command. Porter is said to be banking on Murray Snyder for goal; Harry Whitehead and Bruce Paul, or himself, defence; and Max E. Jay, Bill Stewart, Jimmy McMullen, Red Statham and several others for forwards.

Pittsburgh Pirates are still seeking

## SPENT \$1,000 IN VAIN TO RELIEVE DREADFUL RHEUMATISM

Got well quickly with three  
dollars' worth of T-R-C's

Out of a clear sky inflammatory rheumatism struck down Mrs. T. K. Sheehan. She was helpless. Had to send her baby boy out to board.

"For three months I never moved from the flat of my back," she writes from Windsor, Ontario. "The cords in my eyes were so full of rheumatism I couldn't move them."

A terrible plight to be in—but this wasn't all, by any means. "We spent about \$1,000 (she goes on) and I was no better. My tonsils were removed. I had serum treatments. And I remained in most agonizing pain."

"Then, one day, a friend told us what Templeton's Rheumatic Capsules had done for his wife. My husband, thank goodness, got a box of them. Three boxes made me completely well—in fact I never did finish the third box. The neighbors could scarcely believe their eyes when they saw me outside."

Are you in misery with Rheumatism? With Neuritis? Sciatica? Lumbago? Gout? Why? Your druggist has T-R-C's—ready and able to give you speedy relief—with absolute safety, too, as T-R-C's are entirely free from habit-forming or dangerous drugs. A wonderful remedy. Proved in use by thousands of grateful people.

There is no mystery about the action of T-R-C's. They enter the bloodstream. Go to the root of the trouble. Help your body throw off the poisons that are making your life wretched. Get a box. Enjoy good health once more. 30c and \$1 at all druggists.

## Tells Dyspeptics

### What to Eat

Strict Diets Often Unnecessary

It is a well known fact that some foods have a strong tendency to produce excessive stomach acidity and consequent indigestion. By eating from day to day those foods that experience proves do not irritate and limiting the diet to certain tasteless unappetizing foods, stomach troubles may in many instances, be slowly overcome. Nine times in ten, however, indigestion, gas, etc., are due to excessive acidity and the premature souring of food in the stomach. Keep the stomach clean and sweet by freeing it of this extra acid and then sufferers can eat the foods they like best and as much as they want in reason and have no stomach trouble at all. Thousands of people do this daily by merely taking after every meal a little Bismarck-Magnesia, which can be had at any good druggist in either powder or tablet form. Bismarck-Magnesia instantly neutralizes stomach acids, stops food fermentation and makes digest as naturally and painlessly as in the stomach of a healthy child. Stomach comfort means a life and most folks like good things to eat. Enjoy them both by making Bismarck-Magnesia your daily after-eating protection.

## URGE VICTORIA NOT TO BE BRIBED BY PUBLIC WORKS

Plunkett Appeals to Electors  
to Vote For Principle

Victorians Asked By Speakers  
to Remain True to Conser-  
vative Tradition

By its policy of port and trade development, the Liberal Government at Ottawa is trying to buy the Victoria by-election for its candidate, Dr. J. D. MacLean, according to the charge made by D. B. Plunkett, Conservative candidate, at his election meeting last night in the Sir James Douglas School.

Mr. Plunkett made an appeal for Victorians not to allow themselves to be bribed by public works, but to stay by true Conservative principles and return a Conservative to fill the place of the last Conservative member, Dr. S. F. Tolmie.

"I ask you to let your answer be, 'Victoria cannot be bought,'" Mr. Plunkett said.

"The Liberals bought seats in Saskatchewan by building a railway to Hudson Bay, and they are now trying to buy the Victoria seat in the same way with promise of port development."

"What the Liberals are really saying in effect is this: 'We will do something for you in Victoria if you send Dr. MacLean to Ottawa.'"

He declared that the Liberals were "slippery fellows," and guilty of "insidious propaganda" in the present campaign.

**NO REASON FOR NO CONTEST**

As for the cry that Dr. MacLean should have been elected by acclamation as the member for Victoria and a supporter of the Government in power at Ottawa, Mr. Plunkett said he saw no reason why there should not be a political competition at this time, to give the electors the opportunity of deciding whom they wanted.

Mr. Plunkett denied that Dr. MacLean would have more influence at Ottawa than himself, declaring that when Dr. MacLean was Premier of British Columbia he did not get any port improvements for Victoria.

The Liberal candidate was over at the Parliament Buildings at Victoria long enough to see the boats go by, and what did he do for this port? He went on. Dr. MacLean suddenly blossomed out from a provincial candidate to an admiral of Dominion politics.

"During the last election campaign, Dr. MacLean claimed that Dr. Tolmie had no experience in provincial politics. Well, I should like to ask you: What knowledge has Dr. MacLean of Dominion politics that would particularly qualify him to represent this riding at Ottawa?"

**LEFT "SHOCKING MESS"**

R. A. Wootton, supporting Mr. Plunkett, said: "After the last provincial election, the Provincial Liberal Government left the affairs of the Province in a 'shocking mess.' During the election the Liberals shined up their machines and shot a shell wrapped with the name of MacLean. This proved to be a dud shell. The Liberals have now put the MacLean shell into a larger barrel, but they can't expect anything but a dud shell again. In fact, I doubt very much if the shell will come out at all."

"In 1926 the electors of British Columbia showed good sense in voting down the policies of Mr. Mackenzie King, and thereby registering a protest against the mismanagement of the administration of the country's affairs. That same mandate, given by British Columbia then, will be given by Victoria on December 6 in the election of Mr. Plunkett to continue the protest, and will be the forerunner of the return to power at Ottawa of the Conservative Party."

**"MONEY SQUANDERED"**

"Dr. MacLean says that the by-election is purely a local issue," said Capt. H. S. Thain. "That is not true, but anyway let us see what claims he has for consideration on his past record. He says that Provincial Liberal Government gave a loan of \$10,000 to the Sidney Rubber Roofing Company. When one considers the millions of money squandered by the notorious Department of Industries, I wouldn't detract from Dr. MacLean's claim for credit in this matter. However, he didn't tell you that the chief and only chance for obtaining a loan was to be a good Liberal."

Capt. Thain went on to say that Dr. MacLean could claim no credit for any developments at the Outer Docks.

**SEES B.C. AS CINDERELLA**

"It is necessary at this time to send down to Ottawa a man with courage to stand there before Premier Mackenzie King with his back to the Canadian backing and tell him that British Columbia will no longer be the Cinderella of Confederation," Capt. Thain said.

The Conservative policy of a good high tariff was the only thing to build up Canada and make her "the gem and pride of the British Empire," declared J. C. Brady, M.P., who was the featured speaker of the evening.

**WOULD MAKE VOICE HEARD**

He said that Victoria voters were being asked to support Dr. MacLean in return for port developments and public works.

"It is just this policy of promising that is spoiling Canada. It is the most nefarious principle that ever emanated from any democratic party, and the smallest piece of politics ever played on the solemn, sacred trust of the electorate. If we permit this system to flourish, where are we going to get?" he asked.

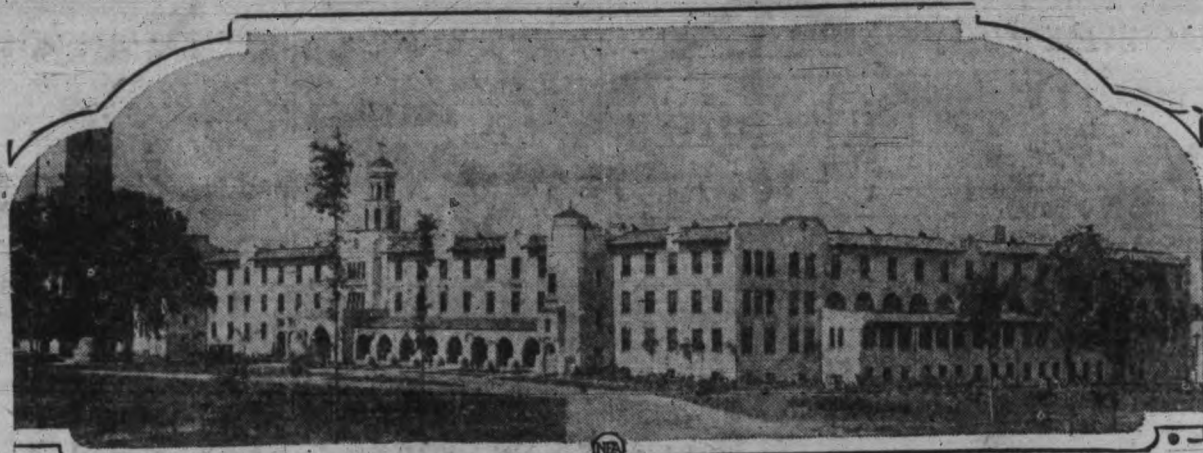

Mr. Brady urged Victorians to be true to the party and principles and forget petty, material things and elect Mr. Plunkett. He declared that in Mr. Plunkett Victoria had a man who would be a credit to the city and the party, and that Mr. Plunkett's voice would be heard much louder in the House of Commons than Dr. MacLean's.

"If Victoria, after sending the Liberal Party out of power in British Columbia, which it rightly did, turns now and sends to Ottawa Dr. MacLean, who failed in the smaller field, it would be a reflection on the high intelligence of the people of Victoria. But the city won't do it," Mr. Brady said.

Ainslie J. Helmcken was chairman.

## THREE WOMEN LOSE LIVES

Laura, Ill., Nov. 28—Three women of Knoxville, Ill., were killed when a train crashed into their auto at a grade crossing here yesterday. The locomotive was so badly damaged a relief engine was used to take the train into Galesburg.

NEW FLORIDA HOME OF NATIONAL CARPENTERS' UNION—The beautiful new home of the Brotherhood of Carpenters and Joiners, one of the show place in the pretty little city of Lakeland, Fla., is shown above. The home is set in beautiful surroundings, near one of Lakeland's numerous tiny inland lakes.

ON December 6 cast your vote for D. B. Plunkett, the Conservative Candidate, and let all Canada take note that in this important by-election Victoria stands squarely behind Hon. R. B. Bennett and his policy of conservation of Canadian resources for the Canadian people . . . a tariff that gives adequate protection to the Canadian producer and Canadian labor . . . an immigration policy that is workable, reasonable and bound to result in prosperity for all.

## FLYING PRINCE OF SPAIN IS NOW TOURING THE U.S.

Infante Alfonso of Spain (left), his wife, Princess Beatrix, and their son, Prince Alvaro, are now visitors in the United States. Known as an air fan, the Infante is looking over the rapidly growing aviation activities in the republic, while the princess is chiefly interested in gardening and farm questions.

## CO-OPERATION IS TO ADVANCE DEVELOPMENT

Agriculture and Trade Subjects of Discussion at Toronto

Toronto, Nov. 28.—Closer co-operation between industry and agriculture, looking to the successful development of Canada, was the keynote of addresses at a banquet tendered last night by the Toronto Board of Trade in honor of the delegates in attendance at the Federal-Provincial agricultural conference held here under the auspices of the Canadian Chamber of Commerce.

A plea for the development of inter-provincial trade was made before the gathering by the Hon. W. R. Motherwell, Federal Minister of Agriculture, who expressed gratification that misunderstandings and a feeling of aloofness between the two basic enterprises of Canadian economic life had been dispelled.

**PRAIRIE CROP FORECASTS**  
A note of protest was sounded by Hon. George Healey, Minister of Agriculture of Alberta, against broadening of exaggerated reports on the wheat production of the prairies. Mr. Healey went on record as favoring a bureau of statistics that would present actual figures on production and yield. The farmers of the prairies, he declared, had suffered because of the depressing

effect these statements had on the market.

**AGRICULTURE'S GROWTH**  
Hon. W. R. Motherwell traced the development of agriculture from the pioneer days of Canada, pointing out that to-day the interests of agriculture and industry were closely woven. Furthering his plea for co-operating, the Minister pronounced "trade within the Empire" a sound principle.

He believed that a "natural trade" between the provinces will knit us together and further championed buying when possible in the home towns or villages. Inter-provincial trade, declared Mr. Motherwell, whether Maritime coal or British Columbia lumber, will have a tremendous tendency to promote good fellowship between the component parts of the confederated provinces.

**CONFERENCE HELD**  
At the meeting here yesterday agricultural representatives of the Federal and Provincial Governments, members of the Canadian Chamber of Commerce in an endeavor to bring about greater co-ordination of agriculture and other business interests of Canada. The meeting was held at the Board of Trade offices with W. M. Birks of Montreal presiding.

Among the subjects discussed was a proposal to establish a national agricultural committee of the chamber to advance agriculture in a business-like manner. Other questions which came before the gathering were the matter of production costs, more efficient farm management, better marketing methods, wider markets, reforestation and agricultural processing.

**STATEMENT ISSUED**  
The conference was held behind closed doors, but at its conclusion a statement was issued, outlining subjects it was stated that matters of national import had been talked over, particularly matters affecting the better relations between agriculture and the other economic interests of Canada, including the means by which local boards of trade and chambers of commerce could assist in developing and co-ordinating rural and urban interests.

**COMPETITIONS PLANNED**  
The statement said in part: "Among concrete suggestions made in this connection were the organization of seed growing competitions and sheep and calf raising contests through boys' and girls' clubs."

"It was pointed out how very valuable was the work being carried on by agricultural district representatives appointed by the Provincial Governments, and it was thought the extension of the offices could be wisely made in the interests of agriculture."

"It was further indicated that one of the fundamental problems of agriculture in Canada was the cost of distribution and the lowering of the cost of production. Any survey which would be of real benefit to agriculture in Canada should, it was thought, include a detailed analysis of the spread between the money received by the farmers for their products and the cost of the same products to the consumers."

"In regard to the need of greater support for the agricultural colleges in Canada on the part of the business men, the providing of scholarships for students taking up agriculture as a life's occupation was urged by several of the participants."

**RESEARCH WORK**  
"The following resolution, moved by Hon. George Healey, Minister of Agriculture, and seconded by Dr. R. Warnock, Deputy Minister of Agriculture of British Columbia, was unanimously adopted at the conclusion of the conference:

"This informal conference, representing agricultural leaders in each of the provinces and the national executive of the Canadian Chamber of Commerce from Western, Central and Eastern Canada, desires to place itself on record as endorsing the action of the Dominion Government in creating a national research council (with Dr. H. M. Tory as president) for the purpose of directing and controlling the use of public money in connection with industrial and agricultural research work."

A lady motorist, whose car had served across a suburban street and crashed through a plate-glass window, was being questioned by the local police sergeant after the accident.

"Surely, on such a wide street as this," said the interrogator, "you could have done something to prevent this accident!"

"I did," the delinquent assured him, quite earnestly, "I screamed as loud as I could!"

## OBITUARY

Funeral service will be held tomorrow afternoon at 2:30 o'clock at the Thompson Funeral Home, 1025 Quadra Street, for the late Mrs. Gladys B. Blocker, who passed away at the Royal Jubilee Hospital after a lingering illness on Monday evening. Rev. Dr. W. G. Wilson, pastor of the First United Church, will conduct the service and the remains will be laid to rest in the family plot in Ross Bay Cemetery.

On November 25 there passed away after a short illness at Los Angeles, California, Mrs. Margaret Cochran Olson, aged thirty-nine years. The late Mrs. Olson was born in Scotland and had been a resident of Sidney, B.C., for fifteen years. As Miss Margaret Bowman she was a graduate of the Provincial Jubilee Hospital class of 1920. She is survived by her father and step-mother, Mr. and Mrs. A. M. Bowman, residing at Le Touquet.

Breeds Cross Road, Patricia Bay; her husband, two sisters and two brothers. The remains will arrive in this city Saturday and will be conveyed to the S. J. Curry & Son Funeral Home. Funeral service will be held Monday afternoon, December 3, at 2:30 o'clock, from Holy Trinity Church, Patricia Bay. Interment will be made at Patricia Bay.

Arthur George, of Ruby Road, Saanich, a resident of this city for many years, passed away this morning at the Jubilee Hospital. He was born in Liverpool, England, and came to Equivalant on the fisheries patrol boat, the Galiano, on his maiden voyage from England. For a number of years he was in the employ of Thomas Plimley Limited, and of late years had been driver of the James Bay Hotel bus. He was a member of Confederation Lodge, No. 116, A.F. and A.M. The remains are resting at McCall Bros. Funeral Home pending burial arrangements.

Funeral service was conducted yesterday at the Sands Funeral Chapel for William Fieldhouse, who passed away at the Royal Jubilee Hospital last Saturday. Relatives and many friends were present and beautiful flowers covered the casket. Adjutant F. J. Merrell officiated, and the hymns were "Book of Ages" and "Abide With Me." Mrs. Shingles sang a solo entitled "Beyond." Messrs W. A. Brown, G. T. Mercer, H. James, P. Pollano, J. Nash and Matheson acted as pallbearers, and the remains were laid to rest in the Royal Oak Burial Park.

## SENTENCED ON FRAUD CHARGE

### Robert Irving Gets Three Months in Jail for Falsely Obtaining Credit

Pleading guilty to a charge of obtaining credit under false pretences, for goods secured from A. Lancaster, Robert Irving was sentenced to three months' imprisonment by Magistrate George Jay this morning.

Irving is already serving a short sentence in the city jail and the second term will commence on expiration of the present sentence.

City Prosecutor C. L. Harrison outlined the facts of the case to the court, declaring the accused had bought goods to the value of \$9.25 from Mr. Lancaster and had stated he was shortly to receive \$1,000 from a shipping master. This statement had proved to be untrue.

There was a previous record of conviction for stealing against the accused, said the city prosecutor.

## NEWS IN BRIEF

The Craigflower Club will meet as usual on Friday evening.

The congregation of Emmanuel Church will hold a special service to-night to offer prayers for the recovery of King George.

Supporters of Herbert Anscomb for mayor are asked to attend an organization meeting to be held in the board room of the Belmont Building to-night.

"The League of Nations" will form the subject of an address to be given by Percy Scarrall of the Rotary Club before the Speechmakers at the home of Jack Clarke, 940 Empress Avenue, to-morrow.

Members of the University Extension Lecture Association will hear an address on "The Philosophy of Disease and Health" delivered by Dr. H. W. Hill of the University of British Columbia at Victoria College to-morrow evening. The lecture will commence at 8.15 o'clock.

An entertainment and dance under the auspices of the Civic Employees Protective Association will be held at the headquarters, Fire Hall, Corner of Street, on December 8. Dancing will be from 9 p.m. until midnight, with Pindler's orchestra in attendance. Refreshments are to be served.

A request for financial assistance for the British Columbia Safety League was made by the delegation consisting of P. C. Abell, manager of the league, George Webster, W. Dinmore and Fred Mason, which waited upon the Government yesterday. Consideration was promised to the request.

Premier Tolmie left last night for Vancouver and will remain until Thursday evening. This afternoon he will unveil the memorial window in the University library. Later in the day he will attend a meeting of livestock breeders of British Columbia. He will open the Winter Fair in the evening. He will address the Vancouver Publicity Bureau Thursday afternoon.

Correspondence courses given by the Department of Education will be extended to embrace High School work. John Joshua Hinchliffe, Minister of Education, announced yesterday. The statement follows the report several weeks ago that the matter was under consideration. Several applications from students in country districts for such a course are already in hand.

Early action by the Provincial Government on the request of Vancouver for a \$100,000 grant towards the cost of the construction of the Burrard Street Bridge was asked by a delegation from the Mainland yesterday. Aid will later be sought from the Federal Government. The Department of Lands and the Public Works Department will prepare a report to guide the Government in making a decision.

"The Operation of a Brain Elevator and its Benefit to the Community" is the subject chosen by James Burden, superintendent of the Panama Latin Train Terminals Limited, for his address to the members of the Rotary Club at their luncheon in the Empress Hotel to-morrow. Following this address, J. B. Scott will speak on the method of financing grain shipments. A vocal solo will be sung by Madam Claudet, accompanied by Harry Watts.

The Victoria Native Sons and Daughters of British Columbia will hold a card party in the Amphion Hall, Yates Street, to-morrow night, play to start at 8.15 o'clock. The proceeds from this party are to be devoted to a fund for the restoration of the Pioneer School House of British Columbia situated at Craigflower. Friends of the organization and those in sympathy with the objective are requested to phone for table reservations to Mrs. J. Stapleton, Phone 5538, or Mrs. R. Grant, Phone 1374, or get in touch with members of either organizations.

The annual meeting of the local branch of the Canadian Bible Society will be held this evening at eight o'clock at the Metropolitan United Church. The chair will be taken by the president, Rev. Henry Knox. There will be a brief business session. The treasurer's report will be read and the election of officers take place. An illustrated lecture, "Colportage in China," will be given by Rev. Nelson A. Harkness. The music will be supplied by the Metropolitan choir and Mrs. S. M. Morton will be the soloist. City ministers will take part in the meeting, this being made possible through the meeting of their respective mid-week services in this gathering.

For the third Sunday in succession the Welsh Society in Victoria has taken advantage of the presence in the city of Rev. B. Ceitho-Davis, whose name is a household word in Wales, by having him preach at a service on Sunday last in St. David's Hall. The hymns sung were "Cleveland," Mason; "Pembroke," Foster; "Aberdare," Marot; and "Jocelyn," (Alaw Cymru). The "Greater Love," Van Derge, was given by Mrs. J. C. Williams and Mrs. M. Lewis. Mrs. Rhonwen Mason was the organist. All Welsh people and others are asked to reserve next Sunday afternoon at 8 o'clock for another service by the bard "Ceitho" with outstanding musical features, as well as the usual inspiring hymns. The bard himself will sing a hymn of his own composition of outstanding merit.

## Must Serve Two Months in Jail For Stealing

Robert Taylor was sentenced to two months' imprisonment with hard labor by Magistrate George Jay in City Police Court this morning, having pleaded guilty yesterday to a charge of theft.

Taylor was alleged to have stolen a pair of rubber boots from the Esquimalt & Nanaimo Railway shops at Russell Station.

## Bank of England Wall Falls And Worker Killed

London, Nov. 28.—One workman was killed and two were injured when part of the old wall of the Bank of England collapsed to-day. The crash came while workmen were demolishing the old wall to make room for the new bank building on Threadneedle Street. Immediately after the accident all entrances to the building were placed under guard and no details were given out.

## B.C. UNIVERSITY STUDENTS OPPOSE MILITARY TRAINING

### Voice Objections In University Paper as Plans Are Brought Forward to Form Canadian Officers' Training Corps; War and Causes of War Are Discussed by Letter Writers.

Students of the University of British Columbia are sharply divided on the formation of an officers' training corps and military training, the correspondence columns of the Ubysee, the university magazine, indicate.

Nearly every letter in the correspondence column this week deals with the subject with the majority of the writers complaining that steps have been taken towards forming the corps in the face of vigorous opposition.

Ross Tolmie, president of the Alma Mater Society, draws criticism for accepting an appointment by the Senate Committee to act on a university committee for military education. He is accused of deliberately ignoring and overlooking the expressed wishes of the students who elected him to office.

"For the benefit of all the students, and for those especially who entered the university this year, let me state the situation briefly," says one student. "Last year the members of the Alma Mater Society passed, by a majority of over two to one, a resolution opposing the formation of a C.O.T.C. on the campus. No only was this motion carried by such a great majority, but the vote of the men considered alone was decidedly in favor of the resolution. The same student body then passed this resolution, and Tolmie, as president of the Alma Mater Society, without first ascertaining whether or not student opinion has changed, Mr. Tolmie has accepted an appointment by the Senate to act on a university committee for military education with the idea of forming a C.O.T.C. on a different basis than was originally proposed, and is deliberately ignoring and over-riding the expressed wishes of the students who elected him to office."

Another writer says: "So far our Alma Mater Society has been fit to oppose the formation of a C.O.T.C., yet we find our president acting on a committee to uphold a contrary opinion. 'Secondly, it is claimed that the control of the C.O.T.C. is to be wholly in the military education committee. I must say, Mr. Editor, that it requires a strong stretch of imagination to have even the remotest hope that the military department will hand over the control of the C.O.T.C. to a university committee.'"

"WAR MACHINE"

Another student opposed to military training, quotes the views of a returned soldier as follows:

"This is what is called the war. This murder, blood and lust. We're scientific savages. Just underneath the crust."

Then the student remarks: "Surely we who should be forming an intelligent body of public opinion in our generation could turn our minds to more profitable things than the developments of a finely organized war-machine."

## UNTAINTED WITH MILITARISM

"May I be permitted to state some of my reasons for thinking it to be the duty of the student body to oppose the organization of the C.O.T.C. at this time," says another writer.

"Has it not been amply demonstrated by past experience that preparedness in physical requirements and in the mental attitude of the people has been one of the great causes of war? We cannot deny that the C.O.T.C. definitely sponsors a programme of military training, and in doing so will have an effect on the young men and women entering our university. We owe it to ourselves to keep our minds untainted with militarism. We owe it to those who are working for peace in the councils of the nations to stand opposed to the growth of militarism in any form."

## Judge Does Not Agree With Pooley

Vancouver, Nov. 28.—Convicted and sentenced to six months' imprisonment by Magistrate Findlay on a charge of keeping liquor for sale, Sam Persson failed on appeal before Judge J. N. Ellis yesterday and was remanded until December 11 for sentence.

Louis Mattio, convicted on a similar charge and sentenced to six months, also was found guilty by Judge Ellis, but was sentenced to a fine of \$300 or three months' imprisonment.

The judge holding there might be some doubt as to whether Mattio was the same person mentioned in a previous conviction.

In reply to counsel for the defence, Judge Ellis pointed out that he was not in accord with Attorney-General Pooley, who had stated he was opposed to the use of "spotters" in liquor cases.

## "Mystery Girl" Sought Following Hollywood Death

Los Angeles, Nov. 28.—Hollywood police are investigating the mysterious death of Thomas Walker at his home in the film colony Monday night. Walker, formerly a British night officer and reputedly wealthy, fell dead after he had drunk a cocktail into which he had emptied a paper of powder which he said he was taking for a cold, according to his wife, the only eye-witness.

When the body was taken to the receiving hospital attendants found six photographs of a young woman and a jade bracelet tucked inside the vest. Detectives admitted to-day they were seeking the identity of a "mystery girl" and were working on the theory that someone had substituted poison for the harmless cold powders Walker had purchased.

Police chemists declared the powder was a deadly poison.

## LEADERS ELECTED

Ottawa, Nov. 28.—D. Roy Cameron of Ottawa was re-elected president of the Professional Institute of the Civil Service of Canada, in convention here yesterday. H. H. Holman, Alberta and Saskatchewan, and C. E. Webb, British Columbia, were elected regional vice-presidents.

## RAIL SYSTEM OF SIAM MOST EFFICIENT ONE

### Consul For Siam to Canada Says Country Most Progressive in East

### Capt. W. J. M. Watson-Armstrong Sailing To-day For Bangkok Via Japan

"Siam is one of the most progressive countries of the Far East," said Capt. W. J. M. Watson-Armstrong, consul for Siam in Canada, at the Empress Hotel this afternoon. Captain Watson-Armstrong, who is leaving Victoria to-day by the liner Africa Maru for Yokohama, said that a Times reporter that the Government system of railways in the kingdom of Siam was one of the most efficient rail systems in the world.

"The entire country is linked up by a network of lines and the various systems are continually being perfected under the personal supervision of the Great Northern Railway Company, which is a subsidiary of the Siam Railway Company, and an engineer of international repute, stated Captain Watson-Armstrong in discussing developments in the country."

TO LINK UP INDIA LINES

He added that the time was not far distant when the British railways of Burma and India would be linked up with the Siam lines as such a plan had been in contemplation for some time. At the present time there are about 3,000 miles of government-operated railways in Siam.

Captain Watson-Armstrong will first go to Japan in which country he expects to spend about two months reaping old friendships. He is a friend of Marquis Yorisada Tokugawa, uncle by marriage to the present Emperor Hirohito of Japan.

From Japan he will proceed by boat to Saigon, in French Indo-China and will then travel by road and railway to Bangkok, the capital of Siam. Indo-China is known as Oriental France, and has a remarkable system of highways, he states.

Captain Watson-Armstrong will travel from Saigon by automobile to Aranya Prathet, on the Indo-China-Siam border, and from that point will proceed to his destination by rail.

He will confer with the Department of Commerce and Communications regarding trade and tourist matters, and then return to Canada by way of Europe.

## SCHOOL TO ADD WHOLE NEW BLOCK COSTING \$60,000

A complete new block, at a cost of \$60,000, is to be added to the Lonsdale Shawinigan Lake School, it was announced to-day.

The new block will provide quarters for fifty more boys and bring the total capacity at the school up to 200 pupils.

Under Headmaster C. W. Lonsdale, the school has been notably successful. Its reputation has spread throughout the West so that already its present accommodation is taken to the limit.

The large main building was only recently built.

The new construction will provide class room as well as dormitory accommodation for the increased number of pupils.

Construction will start in March and will be completed for the opening of the 1929 Fall term.

## SALE OF CIDER BRINGS PENALTY

### Vancouver Japanese Unaware It Contained Alcohol, But Court Ruling Stands

Vancouver, Nov. 28.—Conviction of K. Yoshizawa under the Government Liquor Act for selling cider is upheld by the British Columbia Court of Appeal to-day.

W. M. McKay, counsel for the Government, was not called on for argument during the hearing here yesterday.

The appeal tribunal thus has affirmed judgments of Mr. Justice W. A. Macdonald in the Supreme Court and Magistrate H. C. Shaw in the Vancouver police court.

Although the magistrate had found Yoshizawa did not know his cider had turned into liquor, the courts have not decided that guilty knowledge is not necessary to sustain a conviction under the Government Liquor Act. The Japanese storekeeper purchased cider in the ordinary course of business from a wholesaler and sold two glasses to Detective Law and McKay. The contents of the glasses analyzed 4.12 and 4.19 per cent alcohol.

The minimum penalty is a fine of \$300.

## Two Earthquakes Are Recorded Here

Two earthquakes of moderate intensity were recorded at the Gonzales Observatory within the last twenty-four hours. The first, which commenced at 5:30 p.m. yesterday, was of two hours' duration with its centre some 2,000 miles from here. The other commenced at 3:03 a.m. to-day and was estimated to have its centre 4,700 miles distant. In the latter case tremors lasted for four hours.

## CITY MAKES READY CLAIM FOR LICENSE

### Formal Application For Municipal Seaplane Base Now Being Prepared

Formal application for a license to use a site selected near Raymond's Point, Inner Harbor, for a daylight seaplane landing stage will be prepared at a meeting of the industrial committee of the City Council this afternoon, following its tour of Cadboro Bay, the Inner Harbor and other points yesterday, in company with Flight-Lieut. A. H. Hall.

The application will be prepared in duplicate, consisting of an undertaking by the city to put the proposed municipal seaplane base in a safe condition for public use, and will be passed to the council for ratification before being submitted to Ottawa. If the city meets the conditions set out in the International Air Regulations, which Canada subscribes, there is little doubt the license will be granted, it is stated.

Three sites were visited yesterday, and the one selected was that which could be used with greatest safety and which could be converted at least cost, it is explained by city officials.

The city owns the land, and the cost of a landing stage and other equipment will be donated.

## NBC MEN TO VISIT CITY

### Radio Party Coming to Gather Data For Broadcast

To secure material for programmes advertising the northwest, four members of the National Broadcasting Company, accompanied by representatives of the Great Northern Railway Company and a Chicago advertising company, will pay a short visit to this city on Sunday on their way to Seattle from Vancouver.

John W. Elwood, general manager of the National Broadcasting Company, is at the head of the group. Raymond, general manager, and Edward Hale Bierstadt, continuity director, New York City, will also represent the head office, while Miles Trammell, who makes the trip as manager of the company's western stations.

## TO DEVELOP NORTHWEST

The object of the trip, which is being conducted throughout the Northwest States and Canada, is to investigate conditions and gather data for a coast-to-coast broadcasting play designed to promote the general development of the Northwest.

Plans of radio programmes will be started early next year.

Back of the big programme to promote the general development of the territory which they cover will be a plan of radio hook-ups, including thirty-nine major broadcasting stations in the largest cities extending from coast to coast and from Canada to Mexico.

The representatives of the National Broadcasting Company will meet with civic and business leaders throughout the Northwest and, through contracts and study, will acquire a background which will make the series of entertainment offered over the air both unique and helpful.

Arrangements are being made for the entertainment of the visitors during their short stay here, and probably a tourist group of the Chamber of Commerce will drive them about the city until their boat leaves.

## CONVICTION IN FORGERY CASE

### Magistrate Reserves Sentence When John Nealon Is Found Guilty

Maintaining stoutly throughout the hearing that he had "nothing to say" and "no questions to ask," John Nealon was convicted in City Police Court this morning on a charge of forgery. Sentence was reserved by Magistrate George Jay until to-morrow.

Nealon yesterday elected summary trial and pleaded not guilty to the charge. He was given an opportunity to secure a lawyer, but did not do so, and advanced no defence. He was charged with forging a cheque for \$290 in favor of "T. S. Dolan."

Mar Leung, manager of the Douglas Street branch of the Royal Bank of Canada, was the first witness for the prosecution. The accused had presented the cheque, which was signed with the name of "R. Castellani," last Saturday morning. He became suspicious and conferred with the accountant of the bank, who communicated with Mr. Castellani. Later the accused started to leave and at that time Mr. Castellani came in the door and held him.

COMPARED WRITING

D. V. Smith, the bank accountant, declared the accused had stated he got the cheque from the Hotel Douglas. Witness said he then phoned to Mr. Castellani, the proprietor of the hotel, who said he had not issued the cheque. The accused started for the door, but was stopped by Mr. Castellani, who entered just at that time. Witness compared five cheques previously issued to the accused with the alleged forgery. He declared there was a similarity between the endorsement on the other cheques and the writing on the cheque in question.

Mr. Castellani took the stand, stating the accused had been in his employ until last Wednesday. He produced a cheque book from which he said there were four blank cheques missing. He corroborated the evidence of other witnesses regarding the apprehension of the accused.

## DENIED PRESENTING CHEQUE

Detective Marcus Phipps told of going to the bank in response to a telephone call. The accused at that time had stated he "didn't know anything about it," that he had not presented the cheque, and did not know what they were talking about.

Three blank cheque forms and a piece of paper bearing the word "Castellani" were produced by witness, who said the accused had denied

## ROGERS BATTERYLESS RADIO RECEIVING SETS

### A GREAT RADIO AND A GREAT SPEAKER!

NOW that the Dynamic Speaker is the latest thing in Radio, Rogers has decided that nothing less than a genuine Jensen Dynamic Speaker—super powered for perfect reception—is good enough to go with the Rogers Batteryless.

ownership of these when they were taken from him at police headquarters. When asked if he wished to put in any defence, Nealon declared he had nothing to say.

The magistrate ruled that there was no doubt of his guilt and reserved sentence until to-morrow.

## WINTER FAIR IN TERMINAL CITY

### Many Attend Fourth Annual Event of Kind; Livestock Exhibited

Vancouver, Nov. 28.—The fourth annual Winter Fair, livestock show and sale was opened here under favorable auspices this morning with the entry list of more than 5,000 all placed and a fair attendance of patrons. This afternoon several thousand visited the fair, including 2,600 school children, released from various classrooms in the city schools, who were taken to the grounds on an educational tour.

To-night, judging by the advance sale of tickets, there will be a capacity audience for the opening night of the horse show.

Visitors learn at the fair that Canada annually imports \$3,000,000 worth of seeds, and a Provincial Government placard asks:

"Why not grow these seeds in British Columbia?"

## WORDS WRONGLY ATTRIBUTED TO PREMIER KING

London, Nov. 28.—(Canadian Press Cable).—The Empire Review has expressed to the Canadian Press its regret that it wrongly attributed an article appearing in the current issue to Premier King of Canada. The article dealt with impressions of Europe and contained the intimation that the Ottawa Government might sympathetically receive complaints of the complexity of regulations governing admission of immigrants to Canada.

The article was sent from Toronto "on behalf of the Prime Minister of Ontario," The Review said, "and the

# Eczema

"I have for some years been troubled with eczema, which salves, ointments, medicated baths and various systems of dieting did no more than temporarily relieve. A doctor remarked that my complaint was chronic. One day this year I bought a bottle of Kruschen, without having much faith in it.

"However, after a fortnight, the burning and irritation, which was the worst feature of the disease, had left me. Naturally I got another bottle and in short of two months all traces of eczema had vanished, and my skin became as white and clean as that of a new-born child. Nor has there since been any return of the trouble.

"I have continued taking the small daily dose of Kruschen and life has taken on a new aspect. I realize that the 'Kruschen feeling' is something more than a mere figure of speech." R. A. (Signed letter on the low reception.)

## Kruschen Salts

## WILL SAFEGUARD GIRL TEACHERS

Minister Orders Inspectors of Province to Report

An investigation has been ordered by Hon. Joseph H. Bennett, Minister of Education, to classify rural schools in British Columbia with a view to guarding against young girl school teachers being appointed to schools where the conditions are not suitable for them. Inspectors have been instructed to make reports on all the schools in their districts.

From this information the department will determine whether a male or female teacher should be named. Reports on living accommodation for teachers will also be given. It has also been suggested that the Provincial Police in the different districts make calls at the schools in the course of their duties and take note of any complaint teachers might make.

# TIME RIPE FOR CITY TO SWING TO GOVERNMENT

Dr. J. D. MacLean Reviews Policies He Will Advocate for Advancement of Victoria if Elected to Represent City at Ottawa; Port Development, Industry and Tariff Discussed at North Ward School.

Stressing the advantage to Victoria at this time? The only time you settle in being represented in the House of Commons by a supporter of the firmly entrenched Liberal Administration at Ottawa, Dr. J. D. MacLean last night addressed an enthusiastic meeting in North Ward School. Robert Dinsdale presided.

Replying to criticism leveled at his candidature, Dr. MacLean admitted that he had had no hand in obtaining for Victoria the public works constructed in the past sixteen years. "These matters were in Federal control, why then should I be criticised?" he asked.

Dr. MacLean recalled that the Provincial Government through establishment of the Industries Board, had aided numerous substantial industries to establish in Victoria. Among the thriving concerns which owed inception and success to aid of the Provincial Industries Board the speaker cited the Sidney Roofing and Paper Co., the Hiker Toy Manufacturing Co. and the Saanich wine industry.

Further, many thriving industries exist up the West Coast as a result of the Provincial Government's encouragement extended while Dr. MacLean was a member of the Government.

PORT FACILITIES  
"I have been charged with trying to bribe Victoria as a result of my pledge to support the city's efforts to get improvement of the port facilities here. Surely there is nothing wrong with that. Besides, I have a very good prospect of succeeding, the party now in power at Ottawa having a well developed policy of expanding foreign markets. Therewith must be coupled development of well-equipped harbors and ports; you must have them, and the first essential is harbor improvements," he pointed out.

TARIFF MAKES NO WORK  
Dr. MacLean showed that a high tariff is a tax paid by all the people, and that advocates of increases are in error. "The tariff has no influence in providing employment, he said, advocating a tariff commission to consider changes.

"But why bother about the tariff?" he asked.

## Your Son

How much you are living and planning for him (he be now ever so young)!

Especially are you determined that you will help him to secure a good education. If you live and keep your health, you will provide the money; or at least you and he can work it out together.

If your health breaks down completely or you don't live, you want him to be able to go to college just the same.

You can make sure with a New York Life Policy.

## CANADA PROSPERS

The existing prosperity of Canada was indicated by employment statistics which showed that, compared with the period 1921-25 inclusive, the United States employment to-day is ninety-two per cent, while in Canada employment is now 139 per cent. "Yet the United States is a high tariff country. I quote this employment comparison to show that high tariff provides no high road to prosperity," he said.

For each 100 bankruptcies in the United States, only sixty-five firms went to the wall in Canada on the same population percentage basis, in the same period. Life insurance companies also show the great prosperity of all classes of Canadians.

"I am an free trader, but I do not believe in making millions of the poor at the expense of the many," said Dr. MacLean, expressing support of a reasonable tariff.

## BRITISH RATIO GROWS

"It has been charged that the immigration policy of the Mackenzie King Government has tended to make Canada less British. We take a census of the prairies each five years and we find that in 1916 14 per cent were born in the British Empire. In 1921 the percentage was 74 and in 1926 this had increased to 76 per cent. Prairie residents of Empire birth. Quite the contrary of the situation pictured by the opposition," Dr. MacLean asserted.

## MORE INDUSTRIES

Canada admittedly lost a percentage of her young people across the international boundary but this condition was to be expected in a young and lacking industries. The remedy was to be found in creation of home industries, and Dr. MacLean expressed hearty support of development of employment for the young people of Canada. "Why should I not support policies, encouraging home industries. I have a family, five of them must be seeking employment in ten years. So supporting policies which will improve the opportunities offered by Victoria. Harbor development, increased foreign trade, more mills, ex-

panded plants, these things are, all practical. Why, then, should we not try to do the practical thing and keep our young people at home with us," he said.

Expatriated Canadians are returning to share the prosperity now being experienced. Last year 60,000 returned, despite opposition walls of "gone for ever." Dr. MacLean said all parties of British Columbia were making insistent demands for new schools, this indicating increased population.

## ALL PIONEERS

"We are all pioneers, you may not realize it, but we are all trying to build up a Canada which is a new country," he said, reviewing the restrictions recently arranged with China and Japan. "We must build up a homogeneous population. Do we need immigration? Personally, I do not believe we do until everyone of our own people is employed. Then we should extend our opportunities to the people of our kin in the Old Country," he said amid applause.

Dr. MacLean asked in conclusion that his selection at the polls would not hurt the Liberal administration. His election would not hurt the ninety Conservative members in the House of Commons, but Victoria city was vitally interested in expressing approval of the policies of the Government. He urged all citizens to read the speeches delivered here on Monday evening by Hon. James Robb and Hon. Jas. Macleod.

"If you vote early and get your neighbors to vote, there is no question of what the result will be. I shall be elected," he said.

Carew Martin briefly reviewed the campaign of the Conservative Party, and their reiteration of out-work party shibboleths on the necessity of protection.

## QUESTION OF VALUE

"Who is going to be of most worth to Victoria? A supporter of the Government or an advocate of policies which would restrict our trade with the Far East and Australia?" he asked.

Trade development must advantage Victoria, Mr. Martin pointed out, ships saving in steaming time, harbor and pilotage dues. These advantages, in years to come, will attract to Victoria many eastern industries interested in export trade. "We need at Ottawa such a man as Dr. MacLean. The Government naturally will listen more kindly to the advice of a friendly voice than they would attend to the demands of a determined critic," he pointed out. "Let us be frank, we all know this situation exists, it is human nature, let us admit it and take advantage of the situation so much to our advantage at this time," he advised.

Mr. Martin referred to the enthusiastic support accorded election of Dr. MacLean by The Vancouver Province, and Chairman Robert Dinsdale, when introducing Dr. MacLean, declared the time ripe for Victorians to seize an opportunity to advance the interests of their city, by returning an experienced parliamentarian to support the well-entrenched Mackenzie King Government at Ottawa. He could see no reason why Victoria should send an inexperienced man to join the ranks of the opposition.

## VESTRIS LACKED HATCH COVERS

Evidence on Atlantic Ship Disaster Heard at Inquiry in New York

New York, Nov. 28.—Harry Wheeler, superintendent of the Lamport and Holt Line, operators of the steamship Vestris, testified yesterday that if the Vestris put to sea on her last voyage with no covers on the hatches, she was unworthy.

Testifying at the Federal inquiry here into the disaster, in which 110 lives were lost in the Atlantic November 12, Wheeler agreed with Capt. Jessop, United States nautical expert, that with the sea coming up, it was "the first duty of a sea-going captain" to improve hatch covers.

Reginald Dickson, sixth engineer of the Vestris, testified at the Department of Commerce hearing held before Dickerson N. Hoover, superintendent of inspection service, that when all hands were needed most to keep the engines running, the stockhold gang was on deck.

"For God's sake, boys," Dickson quoted Capt. William Carey as saying to the stokers, "go below and lend a hand."

The men started, Dickson said, but once out of sight of the captain, hurried to other parts of the ship. As a result the deck officers needed to direct the abandoning of the ship were obliged to stoke the boilers.

Out where the handclasp's a little stronger, out where the furrow's a blamed sight longer, and political seers are usually wronger, that's where the West begins.

Officer: "Seen anything of my baggage, sentry?"  
Sentry: "She's waiting round the corner for ye, sir!"

# End of November Bargains IN MEN'S OVERCOATS

### All About Santa Claus Who Is Coming To Spencer's Toyland Saturday

Father Christmas Sent a Messenger to Ever Green, King of the Woodlands, Asking Him to Meet Him

Ever Green is a very powerful warrior, having once conquered Winter. That is why all of his family, the fir, spruce, balsam and cedar now stay green in the Winter time.

When Ever Green appeared Father Christmas shook hands, saying, "What ho! My lord Ever Green! How goes the Christmas Tree business this year?"

Ever Green explained that the Christmas Tree Farm on Vancouver Island was so flourishing this year, he thought they could take care of all requests.

He also said that he had asked the Wood Sprites to deliver some of the trees a few days before Christmas, as there are so many needed these last few years that Santa can scarcely manage them all on Christmas Eve.

The Book Shop in the Kingdom of Christmas is in charge of Mother Goose. There's Simple Simon talking to his Pieman, Taffy, the Welshman, who was never cured of his stealing of beef; Boy Blue and Bo Peep, all of the Oz people—the Wizard and the Tick-Tock Man, Ozma and Dorothy and the Tin Woodman, and Christopher Robin when he was very young.

## ONLY FOUR DIED IN THIS SPECTACULAR WRECK

The most remarkable part of the story that this picture tells is that only four persons were killed. A London, Midland and Scotland express, traveling at a mile-a-minute clip, crashed into a freight train near Lockerbie, Scotland. Engines and coal cars were piled into a mass of wreckage and the express coach climbed atop the pile as shown.

## Arion Club Hold Stag Card Party

Prize winners in the Arion Club's progressive whist drive held Monday evening in the Broughdon Street Hall were Messrs. Officer, Clegg and Maynard, the former making the high score and the two latter the low scores.

Members of the club to the number of fifty were present at the smoker, which was also attended by Percy Wolaston, J. C. M. Keith and R. Grant, former members.

A musical programme which followed

the whist drive was rendered by the following: S. T. White, Frank L. Tupman, Harold Beckwith, G. H. Bevan-Pritchard, Mr. Hunt and Mr. Draper.

## Langford

Friday being St. Andrew's Day, a short service will be held in St. Matthew's Church at 9:30 p.m. Service on Sunday, December 2, will be held at 7 p.m.

On Thursday evening members of the Belmont Badminton Club will visit St. Mary's Hall to play the Oak Bay Badminton Club.

## EIGHT GEORGIA BANKS CLOSED

Atlanta, Ga., Nov. 28.—Eight middle-Georgia banks closed their doors and turned over their affairs to the state banking department yesterday.

The institutions, which were closed, were the Citizens' Bank of Fort Valley; the Citizens' Bank of Dalton; the Bank of Byronville; the Bank of Bradley; the Farmers' and Merchants' Bank of Gordon; the Citizens' Bank of Culloden; the Bank of Preston; and the Farmers' Bank of Byron.

## TOLMIE PLANS MARKET BRANCH TO AID FARMS

New Machinery to Explore Agricultural Markets and Inform Farmers

A marketing branch of the Department of Agriculture, which will provide accurate information for farmers on all agricultural markets, will be created by the Provincial Government immediately, according to an announcement made by Premier Tolmie.

The first work of the new marketing branch, the Premier stated, will be to launch a complete survey into the markets available for the farm produce of this Province.

"Every market in which our produce can be placed successfully will be studied," the Premier declared. "It is planned to find out in the first place the requirements and possibilities of our own home markets and of Canadian markets. Then the possibilities of foreign markets, to which we ship already, will be examined. And besides that we shall endeavor through the marketing branch to open up entirely new markets for our produce."

"The great need of our agriculture to-day," the Premier added, "is adequate marketing machinery, and so far as the Government can assist in solving this problem we shall do it through this new arrangement. We have taught our farmers to make two blades of grass grow where only one grew before, but we have not adequately arranged for the sale of the second blade. The time has come when a market for our rapidly-increasing output must be found here or elsewhere."

## LATEST INFORMATION

While studying every possible market for farm produce, the new marketing branch, the Premier said, will commence giving the agricultural industry continual up-to-the-minute information on marketing conditions, in every consuming centre where there is any chance of placing British Columbia will be kept constantly informed on the trend of markets, and what products are required. This will enable them to know when surplus are developing, so that they can diversify their own crops accordingly and sell intelligently at the best price obtainable.

## Luxton

The first card party of the season arranged by the Luxton and Happy Valley Women's Institute, was held Saturday evening at "Mandalay," the home of Mrs. R. Brown, president of the institute. Many tables of five hundred were in play, there being visitors present from Victoria, Colwood, Langford and Albert Head. Those obtaining the highest scores were Mrs. N. Jones and J. M. Scouler, while the consolation was given to Mrs. R. Brown and Jas. Lowe. Delicious refreshments were served at the conclusion of the evening.

Miss Joyce Sim of Victoria has been the guest of her grandparents, Mr. and Mrs. G. W. Betta, Glen Lake Road, for a few days.

Mr. and Mrs. Brindley have been spending the week-end at their summer home, "Glen Chalet."

The semi-monthly dance under the auspices of the Luxton Hall committee will be held on Friday evening in Luxton Hall from 9 to 1 o'clock. Excellent music will be provided for these dances by Len Acres's three-piece orchestra. Refreshments will be served.

Residents of Luxton and Happy Valley districts are invited to attend the annual meeting of the "Metchosin Farmers' Institute" to be held in Metchosin Hall Monday, December 3, at 8 p.m. Presentation of annual reports and election of officers will take place.

## Colwood

Members of the Women's Auxiliary to St. John's Church, are preparing materials for the sale of work next Tuesday afternoon in Colwood Hall. The Vicar of the parish, Rev. H. G. Payne, will open the sale at 3 o'clock. There will be many Christmas novelties as well as home cooking and candy. Afternoon tea will be served.

The usual weekly card party will be held Wednesday evening in Colwood Hall at 8 o'clock. Five hundred will be played.

Morning service will be held in St. John's Church on Sunday at 11 o'clock.

## ROOM FOR MORE

Despite the intense popularity of radio, only thirty per cent of the homes in this country are equipped with receiving sets. It is predicted that this amount will increase to ninety per cent before saturation sets in.

## WILL DISCUSS BEACH PLANS

Several Matters For Consideration of Realtors at Friday Meeting

Several interesting items of discussion will form the agenda for the Real Estate Board luncheon meeting at Spencer's dining-room on Friday.

The board will again consider the matter of the improvement of local beaches and will hear a report from Capt. T. J. Goodlake on the action of the joint Chamber of Commerce and Real Estate Board committee which is working on this question.

## REAL ESTATE TOPICS

Questions allied with the real estate business will also be discussed. J. C. Bridgman will give a short talk on "interim receipt forms," and options

on the existing forms used by the board will be sought.

A debate on the matter of a rental survey will be led by David Leeming, chairman of a special committee on this subject.

## EDUCATION IS LECTURE TOPIC

Eden Quainton, B.A., to Speak To-morrow Evening at Memorial Hall

"Education and the Modern World" will be the subject of a public lecture to be given to-morrow evening in the Memorial Hall, Vancouver Street, by Eden Quainton, B.A., instructor in history at the University of Washington.

The lecture will commence at 8 o'clock with B.C. Nicholas as chairman.

Several items of interest to Victorians will be touched upon by Mr. Quainton in his address. He will discuss "the place of the technical school

# MacLEAN!

## Victoria's Logical Choice

J. D. MacLean, M.D., C.M., LL.D.

## Read What Prominent Canadian Journals Have to Say:

Vancouver Daily Province, November 2, 1928

"We are satisfied that he could be of great value to the Province at the Federal capital, and hope the electors of Victoria will give him the opportunity he desires. Dr. MacLean knows British Columbia and British Columbia's problems probably more intimately than any other man who is available for election."

"His interest in the Province and his desire to be of service to it are beyond question. In his many years of administration at Victoria he has given proof of his ability. He would be able, therefore, to represent not only Victoria but all British Columbia."

Kamloops Sentinel, June 1, 1928

"The visit of Premier MacLean this week to Kamloops has revealed the fact that politics is losing much of the partisanship that once characterized it. Perhaps this is due in no small measure to men like Dr. MacLean himself. There are some whose natures separate themselves from the bitterness of politics. One could never dissociate, say, 'Joe' Chamberlain, from them; yet Lord Balfour is a case in point where one could forget that he was a party man. There have been some, and are, public men in British Columbia on both sides of politics who seemed to carry 'party' into all they did and said. The present Premier does not fit into this category."

"His character, too, is of the thoughtful kind, philosophically bent, domestic, tolerant. It may not be so spectacular as that of some political hustlers, but it is in the long run more acceptable."

Western Tribune, November 17, 1928

"Beyond doubt Dr. MacLean would be a powerful advocate for British Columbia were he sent to Ottawa, not particularly because he is of the same political persuasion as the present Dominion Government, but because of his experience and his recognized honesty of purpose, loyalty and sagacity. All party considerations aside, he is the logical man for the job."

# Vote MacLEAN Dec. 6

## MADE IN BRITISH COLUMBIA

**The WISE CHRISTMAS SHOPPER**

YOU will see her in the stores, from now until Christmas. Her gift suggestions are equal and more often superior to those of thousands of other shoppers. The wise Christmas shopper selects her gifts with a purpose as well as a purse... just as she buys for her family and home, every fifty-two weeks of the year.

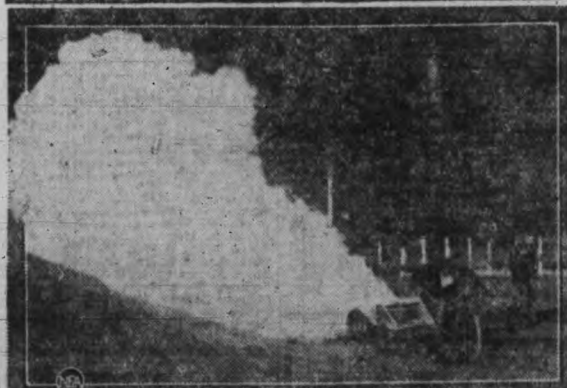

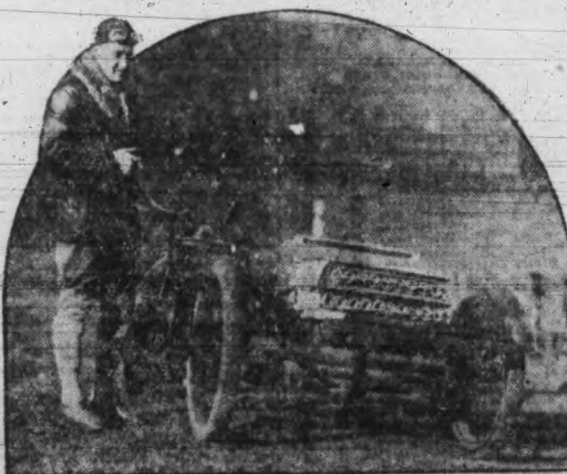

She will tell you that solving gift problems by demanding first those of local origin is at least a seasonable expression of good-will towards her fellow countrymen as well as a personal interest in the products of local wage earners.

**Be a Wise Christmas Shopper!**

There are thousands of articles made in British Columbia especially suitable as Christmas gifts. Demand B.C. Products first when gift shopping this holiday season. Insist on the products of your local countrymen... take a personal hand in the destiny of British Columbia.

BE PROUD TO BUY **B.C.** PRODUCTS

## EXCUSE MY SMOKE!

An excellent means of propulsion is this if you want to get somewhere in a hurry, but the trail of smoke and flame that it leaves precludes the chance of using the rocket attachment on your town car or the kiddies' tricycle. Captain George White is shown at the top with his motorcycle, powered only by the twenty rockets you see mounted on the side car. These, when lighted, produce the effect shown below, when the nifty rider tried out the device on the New York velodrome.

## STOCK MARKET - FINANCIAL NEWS - GRAIN MARKETS

## TO-DAY'S GRAIN MARKETS

Branson, Brown & Co. Ltd.  
Winnipeg, Nov. 28.—Wheat—Wheat market was quite active to-day. Offerings were liberal at times, and while prices were mostly under last night's close, there was a good deal of buying going on, coming largely through commission houses, while one large elevator and milling concern took some wheat out of the pit.

There was a little scattered buying by seaboard houses, but the volume was small. Prices declined  $\frac{1}{2}$  to  $\frac{1}{4}$  under the previous close, the cash month showing the greatest weakness around 1.24 for May wheat, the market ran into resting orders which caused slight reactions, but the upturns met opposition, and there were rather difficult to hold, but on the dip there was very little pressure.

The demand for cash wheat was very indifferent to-day, and offerings somewhat more liberal. Shippers were moderate buyers to fill tonnage around mid-session, but the aggregate business for the day was considerably smaller than it has been the past week, and export business was said to be entirely lacking. Spreads were  $\frac{1}{2}$  higher to  $\frac{1}{4}$  lower, No. 3 northern and feed grades being the strongest.

Wheat deliveries on November contracts were 1,435,000 bushels. Country marketings of wheat in Western Canada yesterday were 3,180,000 bushels, as compared with 3,875,319 a year ago. Liverpool closed  $\frac{1}{4}$  lower at Buenos Ayres was  $\frac{1}{2}$  lower to-day, after closing  $\frac{1}{4}$  down yesterday. Cables reported beneficial rains falling in Southern Argentina to-day, and this probably accounted for the weak cables.

# SIDE GLANCES—By George Clark

"Yes, ma'am, I'm working my son's way through college."

## AUNT HET

By ROBERT QUINN

"I expected to find Ella's house like it was. A woman that puts powder on in dabs ain't going to sweep under things."

(Copyright, 1928, Publishers Syndicate)

## POOR PA

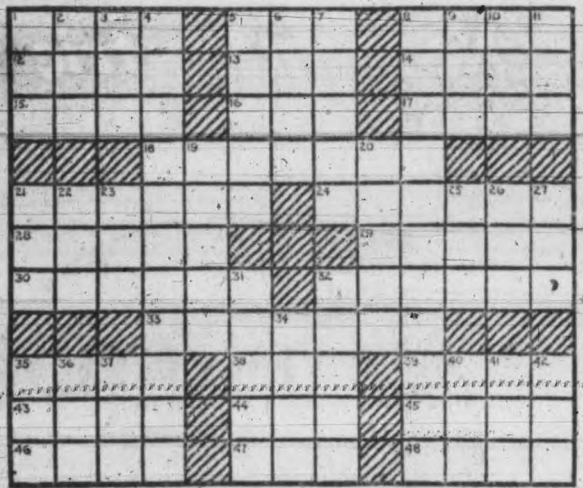

By CLAUDE CALLAN

"Betty's new beau is a worthless fellow, but I'm not sayin' anything against him. My sister married a worthless fellow because the rest of us run him down."

(Copyright, 1928, Publishers Syndicate)

## CROSSWORD PUZZLE

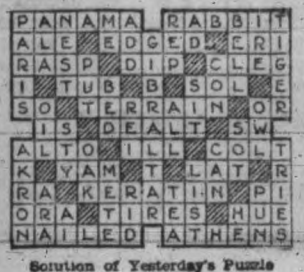

### HORIZONTAL

1. Soft mineral used in making powder.
2. White linen vestment.
3. Shed for doves.
4. A mixture.
5. By.
6. A portion of the earth's surface.
7. To suppose.
8. To suppose.
9. Portuguese money of account.
10. Close.
11. To guard.
12. American pigeon hawk.
13. Made-of-flowers.
14. Pertaining to birds.
15. Growing out.
16. Noisier.
17. Stopped up as water.
18. To conceal.
19. Bark of the paper mulberry.
20. To knock.
21. Home of a bird.
22. Foretoken.
23. Since.
24. Larrest land plant.
25. To breathe heavily and laboriously.
26. House canary.
27. Embryo plant.

### VERTICAL

1. A thick shrub.
2. Beer.
3. Falsehood.
4. Affable.
5. Protective garment.
6. A list.
7. Compendium.
8. Quartering place for troops.
9. Native metal.
10. Beverage.
11. Grasp of hearing.
12. Wedge-shaped piece of wood.
13. To damage.
14. Night preceding a holiday.

Solution of Yesterday's Puzzle

# To-morrow's Horoscope

THURSDAY, NOVEMBER 29, 1928  
Astrologers read this as a day of contrary influences, but exceedingly good for many human activities.

Much is to be heard of the new freedom at this time when both men and women will seek liberation of thought from outward limitations. Saturn is in an aspect favorable for retrospection and for that reason the planet may be said to cast a sadness over the minds of the aged. Women to-day are subject to the best possible planetary government, which encourages hospitality and makes the task of entertainment seem light. Reactionary forces which have been at work for many months will eventually bring about the elimination of erotic tendencies in literature and will replace them with fine aspirations, it is forecast. Owing to the tendency to look backward there may be an inclination to count years that have gone and this is held unlucky, especially where women are implicated in recollections. There is a good sign for recreation and sociability, while the stars that are supposed to affect food preparation are in benefic aspect. Under this way love affairs should be most fortunate and engagements to marry made to-day should bring happiness. The stars are believed to impart to both men and women the power to discern the best, while this rule prevails and for this reason kindness should mark all social intercourse. Craving for novelties, however, should be guarded against when it reaches extremes in books or plays, the stars advise. Children born on this day probably will have a great desire to travel. Boys may be especially fond of adventure. These subjects of Saturnian usually are lucky in money matters and can earn expenses for any expedition they may like to undertake. Persons whose birthday it is probably will have a year of eventful experiences. The stars seem to indicate upheavals in one's life and fortune.

UNIQUE Thin Lead Colored Pencils  
in 12 colors—\$1.25 per dozen

The illustrations show students of the new Vancouver Technical School in the metal lathes shop, and also in the wood shop. J. C. Mather, the principal, and an outstanding proponent of technical education, is also shown.

The current attraction on the Capitol Theatre's screen for the last time tonight, "Court Martial," a thrilling story of an army officer's adventure with a border gang, whom he attempts to rout single-handed, and his subsequent romantic adventures with a leader, who is both beautiful and merciless. Tense action, and some very fine shots of a military ball in natural color, make this a treat for movie fans.

The stage offers a variety of acts, including a pair of whirlwind dancers; William Deegan, the popular bass soloist; Sam Bevo, the well-known comedy comedian and harmonica artist; Jack Reid, the singing master of variety; and a number of other acts and complete line-up of specialties.
